VOL. XVI, No. 21. UNIVERSITY OF ALBERTA, FRIDAY, MAY 14, 1926. SIX PAGES

GRADUATING WEEK FINDS CLASS '26 VERY MUCH ALIVE

TREE-PLANTING, PILGRIMMAGES DANCES, PICNICS AND MORE TEAS IN LAST MAD WHIRL

On Monday, May 10, the May Flowers of 1926 (a hardy band of perennials, once buds, but now officially gone to seed) made their pilgrimage of farewell to their University, led by Pilgrim Father MacDonald and Pilgrim Grandpa Burt, the solemn seedy procession meandered moon-eyed through all departments of the University. In the reservoir were seen the orderly range of "Cases". In the stack room they caught the ghost of the elder Hamlet, out for an airing. In the museum of vertebrate palaeontology an obliging reptile shook his spine, and ate macaroons, and the misplaced footprint of Hercules wiggled its toes. In the geological museum the clams spoke, the great lumps of coal groaned and whispered "the strike!" and the bows upon the walls twanged. For it was an auspicious occasion. Well might the clam say to his fellows: "Now we'll have a little peace.

In the Department of Household Economics the long lost inedible doughnut trundled itself from under a radiator and ran up Grandpa's left trouser leg.

Down in the Med basement, the greatest of the bull-frogs organized a game of leap. In the upper halls, grey misty things flitted by, sobbing.

Out on the front lawn, Grandpa leaned on the shoulder of Silver Blue Colorado Spruce and presented him to the class. The child-wonder groaned. Everybody hoped he would grow up to be a 'nice young man'. Then Father called upon all present to make the numbered hairs of their heads one less and so to let fall upon the dear young thing a material blessing. Vanity cases were produced and the silver threads among the gold, which are always consequent upon examinations, were hunted down. Until now Silver Blue had been decidedly blue, weighed down by his responsibility of having to grow up. Now he chameleoned, the blue giving way to grey. A shudder ran through him and his wiry hair wilted. Ready tears revived him. Father blessed him. Then the Varsity yell shook him and he was left alone in the world.

Later Dr. and Mrs. Rutherford entertained the graduating class at a tea. Mrs. Burt and Mrs. MacKenzie presided at table. Mr. Harrison and Miss Patterson were presented with tokens of their tennis championships, and Mr. Burt, with a freshman pin.

Dr. Rutherford spoke a few words to the gathering.

On Tuesday [illegible] at Government House to Class '26. At the tea table Mrs. Spence, Mrs. Harvey and Miss Dodd poured.

The guests were given the freedom of the house. Lieutenant Governor Egbert addressed the gathering, with well-chosen words of welcome and of counsel.

The Lake and Then Dance!

Wednesday afternoon, following a rehearsal of graduation proceedings, the graduates made haste to clamber into all available cars and sped out to Cooking Lake where they picnicked to their hearts' content. Returning later, there was held the last of Pembina's dances. It was informal and Merry and continued until the ladies 'shooed' away their guests.

—C. H.

MOST EXECUTIVES FILLED FOR 1926-7

235 Posts For Aspiring Students to Guard

The favorite topic of conversation before the close of the term, besides the subject of examinations, Pembinites and other follies, was: "What executive positions are you holding next session?"

With a view to answering the question definitely for everybody, The Gateway conducted an investigation of student organizations, the results of which are given below:

The most astounding fact discovered was that there are no less than 38 student organizations in the U. of A., which include 235 executive positions. This latter figure, however, is misleading, since many students will hold two, three or even five positions at the same time.

Here are the name of the executives for 1926-27:

1.—Students' Council

President—Ernie Wilson.
Vice-Pres.—Frances Shillington.
Secretary—Don Currie.
Treasurer—Stan Ross.
Pres. of Lit.—Jimmy Adam.
Sec. of Lit.—Ken MacKenzie.
Pres. Men's Athletics—Mel Gale.
Sec. Men's Athletics—D. P. MacDonald.
Pres. Women's Athletics—Inez Calhoun.
Sec. Women's Athletics — Frances McMillan.
Pres. Wauneitas—Anna Wilson.
Sec. Wauneitas—Eleanor Williams.
Editor of The Gateway—Wesley Oke.
Bus. Mgr. of The Gateway—Martin Johnstone.
Rep. Men's Athletics—Baden Powell.
Rep. Men's Athletics—Bill Whittaker.
Rep. Lit. Assoc.—To be appointed.
Rep. Lit. Assoc.—To be appointed.

2.—Men's Athletic Association

President—Mel Gale.
Vice-Pres.—Aubs Bright.
Sec.-Treas.—D. P. MacDonald.
Pres. Rugby—Ross Gibson.
Pres. Basketball—Baden Powell.
Pres. Hockey—Bill Whittaker.
Pres. Track—Art Ahrens.
Pres. Soccer—Dave Haworth.
Pres. Boxing and Wrestling—G. Begg.
Pres. Tennis—Tommy Cross.
Pres. Baseball—D. A. "Happy" Hansen.
Pres. Swimming—Charlie Waldo.
Chairman Interfac. Basketball — Evan Galbraith.
Chairman Interfac. Hockey—Mac Holmes.
Rep. Interfac. Rugby—T. K. McLean.

RINK COMMITTEE REPORTS PROGRESS

Board of Governors Approves Project and Refers Question to Executive Council

That arrangements for the new University rink are progressing very favourably is the statement of Dr. W. G. Hardy, permanent chairman of the Covered Rink Committee. At a recent meeting of the Board of Governors that body discussed very carefully the report submitted by the rink committee, expressing full sympathy towards the project and admiration for the attitude of the Students' Union. The scheme, in principle, met with their full approval, and the question of ways and means of financing has been referred to the Executive Council of the Board. There will be, therefore, little that is new to report until the next meeting of the Executive Council, in about two months' time.

The petition presented to the Board of Governors by the Covered Rink Committee contained four important points:

1. The necessity for a covered rink at the University.
2. The history of the movement, with special reference to the action of the students with respect to the financial aspect.
3. A request that the Board decide whether the plan for financing the project in the immediate future is practical.
4. The architectural plans and the financial statements prepared by the committee.

Meanwhile the Plan Committee, assisted by Messrs. Burgess, Morrison, Webb and Heron, has been hard at work at the details of the building.

3.—Women's Athletics

President—Inez Calhoun.
Vice-Pres.—To be elected.
Sec.-Treas.—Frances McMillan.
Mgr. Hockey—To be appointed.
Mgr. Basketball—To be appointed.
1st Year Rep.—To be appointed.

4.—Wauneita Society

President—Anna Wilson.
Vice-Pres.—Mary Lehmann.
Secretary—Eleanor Williams.
Pres. Council—Mabel Nix.
Year Reps. (4)—To be elected.

5.—Wauneita Council (Court)

President—Mabel Nix.
Vice-Pres.—Betty Lynch Staunton.
Secretary—Flo Macdonald.
Wauneita Soc. Rep.—Anna Wilson.
Wom. Athletic's Rep.—Inez Calhoun.
Wom. House. Com. Rep.—Norma Holmes.
1st Year Rep.—To be appointed.

6.—Literary Association

President—Jimmy Adam.
Vice-Pres.—To be appointed.
Sec.-Treas.—Ken MacKenzie.
Pres. Debating—J. Ansel Anderson.
Pres. Dramatics—Shirley Macdonald.
Pres. Gateway—Nelson Chappel.
Pres. Orchestra—To be elected.
Senior Rep.—To be appointed.
Junior Rep.—To be appointed.

7.—Debating Society

President—J. Ansel Anderson.
Vice-Pres.—Winnifred Gilhooley.
Treasurer—A. A. MacGregor.
Rec. Secretary—Ronald Martland.
Corres. Secretary—Donald B. MacKenzie.

8.—Dramatic Society

President—S. G. MacDonald.
Vice-Pres.—Agnes Owens.
Secretary—Don. B. MacKenzie.
Treasurer—De Larue Edmonds.
Senior Rep.—Louis Hyndman.
Junior Rep.—Herb. Newcombe.
Soph. Rep.—To be elected.
Stage Mgr.—Ian Macdonald.

9.—Orchestra Club

Executive of three to be elected in the fall.

10.—Glee Club

President—Nelson Chappel.
Secretary—H. Ainsworth.
Executive—Jack Madill.
Executive—Gus Runge.

11.—The Gateway

Editor-in-Chief—Wesley Oke.
Associate Editor—Jack Marshall.
News Editor—Max Wershof.
Business Mgr.—Martin Johnstone.
Advertising Mgr.—Andy Hawreliak.
Circulation Mgr.—To be appointed.
Managing Editor—Wayne Stanley.
Sporting Editor—Mat Halton.
Exchange Editor—Anna Wilson.

12.—Students' Court

Chief Justice—Russell D. Henderson.
Sheriff and Clerk—To be appointed.
Puisne Judges—To be appointed.
Prosecutor—To be appointed.

13.—Men's House Committee

Chairman—Ted Brunsden.
Secretary—Mel Gale.
Len Cockle, A. S. Dunn.

14.—Women's House Committee

President—Norman Holmes.
Gwen. Taylor, Daisy Kellam, Dorothy Worthenbach, Betty Lynch Staunton, Anna Watt, Jean Campbell.

15—Rooters' Club

President—Lyall Wyatt.
Cheer Leaders—To be appointed.

16.—Social Directorate

Executive of three to be appointed.

17 to 20.—Class Executives

Four class executives, each of six members, to be elected in the fall.

21.—Ag. Club

President—Ted Brunsden.
Vice-Pres.—W. R. Foster.
Sec.-Treas.—A. G. McCalla.
Senior Rep.—Jimmie McFall.
Junior Rep.—J. M. Allen.
Soph. Rep.—R. J. Milligan.
Fresh Rep.—To be appointed.

22.—Arts Club

President—Ken MacKenzie.
Vice-Pres.—Kay Reid.
Sec.-Treas.—R. V. Clark.
Senior Rep.—Carman Dixon Craig.
Junior Rep.—Alan Galbraith.
Soph. Rep.—Jean Campbell.
Fresh Rep.—To be appointed.

23.—Commerce Club

President—Elmo Kellam.
Vice-Pres.—Agnes Owens.
Sec.-Treas.—William (Wink) Potter.
Junior Rep.—Don Lundy.
Soph. Rep.—Bob Hill.
Fresh Rep.—To be appointed.
Press Rep.—Art Willis.

24. Engineering Students' Club

President—D. A. (Happy) Hansen.
Vice-Pres.—T. F. Walton.
Sec.-Treas.—Pat Bowman.
5th Year Rep.—A. W. Drew.
4th Year Rep.—Art Jones.
3rd Year Rep.—George Field.
2nd Year Rep.—S. R. McMillan.
1st Year Rep.—To be appointed.
Press Rep.—Jack Willis.

25.—Dent Club

President—Jack Gerrie.
Vice-Pres.—Dave Haworth.
Sec.-Treas.—Evan Galbraith.
2nd Year Rep.—E. V. Springbett.
1st Year Rep.—To be elected.
Press Rep.—Baden Powell.

26.—Household Ec. Club

President—Evelyn Mayhew.
Vice-Pres.—Nina Rowell.
Sec.—Beatrice Williams.

27.—Law Club

President—Bill Cromarty.
Vice-Pres.—Cecil E. Edwards.
Secretary—Tommy Cross.
Treasurer—H. Johnston.
1st Year Rep.—To be appointed.

28.—University Nurses Club

President—Jean Smith.
1st Vice-Pres.—Hilda Bennett.
2nd Vice-Pres.—To be elected.
Sec.-Treas.—To be elected.
Senior Rep.—Kitty Mallory.
Intermediate Rep.—Dorothy Crossweiler.
Junior and Fresh Reps.—To be elected.

29.—Pharmacy Club

President—J. Bullock.
Vice-Pres.—Jean McLennan.
Sec.-Treas.—W. Pingle.
Athletics—Bert James.

30.—Med. Club

President—George Haworth.
Vice-Pres.—W. H. Casels.
Secretary—S. Cain.
Treasurer—M. Johnston.
6th Year Rep.—S. Tallman.
5th Year Rep.—H. Laudan.
4th Year Rep.—A. McPherson.
3rd Year Rep.—G. Johnston.
2nd Year Rep.—J. Madill.
1st Year Rep.—To be appointed.

31.—Botany Club

Executive of two to be elected in the fall.

32.—Le Cercle Francais

President—Professor H. de Savoye.
Vice-Pres.—Shirley G. McDonald.
Secretary—Wilma Coone.
Treasurer—Mat Halton.
Entertainment Committee—Mme. Blais.
Press Rep.—Florence Borden.

33.—Chemical Society

Executive of three to be elected in the fall.

34.—Mining and Geological Society

President—Harry M. Hunter.
Sec.-Treas.—To be elected.

35.—Osler Club

President—Percy Sprague.
Vice-Pres.—Harry Nix.
Sec.-Treas.—Bert Rawlinson.

36.—Students' Christian Movement

President—Beatrice Williams.
Vice-Pres.—Effie Slonaker.
Secretary—Mabel Nix.
Senior Rep.—Dorothy Werthenbach.
Junior Rep.—Olive Jagoe.
Soph Rep.—Dorothy McBain.
Fresh Rep.—To be elected.

38.—Alberta College Students' Council

President—A. O. McNeill.
Vice-Pres.—A. Thorpe.
Sec.-Treas.—W. Robinson.
Pres. Athletics—W. R. Lane.
Sec. Athletics—W. H. McDannold.
Pres. Lit. Assoc.—G. S. Johnston.
Sec. Lit. Assoc.—C. Storey.
Pres. S.C.M.—C. Selby.
Sec. S.C.M.—W. Bainbridge.

Brilliant Ceremony To-Day Concludes University Year

Rev. Thomas Tait to Deliver the Address at Convocation This Afternoon—Doors Open at 2 p.m.—Procession at 3 p.m.

Today, Friday, May 14th, the university year will be brought to a spectacular conclusion at the Sixteenth Annual Convocation. On that occasion the higher professions, the ranks of doctors, masters and bachelors, will be opened to those who have been found worthy of such higher estate, the awards for special proficiency will be made, final counsel and God-speed will be given to those who are leaving—and Varsity will have made her annual contribution to the world.

The solemnity of the program is increased by the presence in the Convocation Hall of both those who are serving the University as officers and teachers, and those who are serving it less obviously, as members of the Alumni. The pageant of their multi-coloured hoods and gowns is a spectacle not often seen.

The academic procession, led by Chancellor Beck and Lieutenant Governor Egbert, will enter Convocation Hall at 3:00 p.m. After "O Canada" and the Invocation by the Rt. Rev. Henry Allen Gray, M.A., D.D., LL.D., Bishop of Edmonton, Dr. Tory, President of the University, will make his report of the academic year. Following this, Dr. Kerr, Dean of the Faculty of Arts and Sciences, will announce the awards of scholarships, prizes and medals.

Diplomas licensing holders to practice will be given to students in Pharmacy and Nursing. Then the graduands will be admitted to their degrees following "The Petition, The Presentation, The Pledge."

Each applicant in turn bows to swear eternal fealty to his Alma Mater and is accepted into his new estate amid the applause of the audience. When all have been admitted, Rev. Thomas Tait, M.A., B.D., will give the new graduates a last charge, to keep in sacred trust what they have received, and to use it as Canadians and graduates of the University of Alberta.

The hooded dignitaries will file out, the audience will disperse, and—more men and women will turn from congratulating hands to a wider field.

HOUSE COMMITTEE ELECTED FOR FALL

MISS NORMA HOLMES AND TED BRUNSDEN HEAD NEW COMMITTEES—ROOM ANNOUNCEMENT

The students in residence are congratulating themselves on the results of their House Committee elections. Both the women and men who were elected as members of next year's house committees are outstanding, and have many student offices to their credit.

The Men's House Committee for next year is composed of four members: Ted Brunsden, chairman; F. Dunn, M. Gale and L. Cockle. The Girls' House Committee consists of Norma Holmes, chairman; D. Kellam, J. Campbell, Anna Watt, Gwen Taylor, Dorothy Worthenbach and Betty Lynch-Staunton.

Three of the four members of the Men's House Committee are returned soldiers, and all of the members are of mature age and judgment. The chairman especially is a man of outstanding executive ability, having been class president, a member of the Agricultural Club executive, and runner-up for the presidency of the Students' Union for next term. The elected members secured office with large majorities.

Residence Accommodation

Mr. Brunsden wishes it to be understood that his allocation for residence rooms for next fall is a tentative one. No student is certain of his room, even though he has indicated his preference to the House Committee, until he has complied with the Calendar regulations by forwarding to the Bursar, before September 5, his reservation deposit of $12.00.

NEW COLLEGE

Today, immediately following Convocation, the first sod will be turned for the building of St. Joseph's College, the new Roman Catholic institution in affiliation with the University. His Grace Archbishop O'Leary, D.D., LL.D., will perform the ceremony.

The new building will occupy a position on 89th Avenue, just across from the Medical Building. It will have a 210 ft. frontage and two wings of unequal length extending south. It will contain lecture rooms, a dining room, chapel, gym, billiard room, assembly hall, library and over 100 residence rooms. The college should be completed by June, 1927.

GAIETY MARKS WEEK OF EXPECTANCY

Graduates Hang Up Enviable Record as Hikers, Dancers, and Suppers

The members of this year's graduating class are having their little fling before acquiring the sheepskin and the dignity befitting their years and discretion. On Monday evening (3rd) they entertained themselves with a hike, on Wednesday afternoon (5th) with a swimming party, on Thursday evening (6th) with a dance in Pembina, on Friday (7th) with a tennis tournament, and on Saturday evening (8th) with a theatre party.

On Tuesday afternoon Mr. and Mrs. Burt entertained the class at a tea, one of the most delightful functions of the week. Class '26 enjoyed several teas at the home of their honorary president last year, and looked forward to this one expectantly—and their hopes for a pleasant afternoon were amply fulfilled. The lady members of the staff served.

An event much anticipated by the students of each year "who expect to graduate" is the party given by Dr. and Mrs. Tory at their home. This year apple and wild cherry blossoms attractively decorated the rooms. Wicker chairs and ferns made of the large veranda a delightful retreat for those disinclined to dance or play cards. As the evening drew to a close over one hundred guests united in showing their appreciation of the good time which they had been given by surrounding Dr. and Mrs. Tory and singing heartily, "For they are jolly good fellows."

One of the most amusing and delightful of the annual functions is the tea given by Miss Dodd and the senior women to the professors and their wives. Though the genial mood of the guests was increased by assiduous serving of cake and sandwiches, nothing was divulged, and the uncertainty remained. The rooms were decorated with a profusion of spring flowers. Miss Dodd, Miss Patterson, Miss Wilson and Miss McCallum received.

That pleasure lies in the anticipation rather than in the event is a common theory. But this was not so with the tea given by Dean and Mrs. Kerr on Saturday afternoon for the members of the graduation class. In this case the event exceeded the anticipation and the guests in true holiday spirit keenly enjoyed themselves. The rooms were charmingly decorated with cherry blossoms.

On the whole, Class '26 has heartily enjoyed itself, and yet in beginning to feel some tinge of sadness at the thought of leaving Varsity and the friends who have been so kind within the last week.

H.C. AMENDMENTS UNSATISFACTORY

Committee Agrees That New Constitution Needed For Courts

At a most representative committee meeting held Saturday, May 1, the unanimous conclusion was reached that the proposed House Committee Amendments to the Constitution, recently tabled by the Committee on Student Affairs, were in their present present form unsuitable, and that sections 14 and 15 of The Students' Court Act were equally bad.

The meeting, called by President Wilson at the suggestion of the Committee on Student Affairs, was attended by Mr. Mothersill, counsel for the Students' Union, and Messrs. Wilson, Davies, Gaunt, Henderson, Macdonald, Brunsden, Milvain and Primrose After a thorough round table discussion, the suggested solution that the sections above-mentioned be repealed and that a new constitution be drafted for the House Committee Court and for the Students' Union Court received unanimous consent.

It was agreed that the House Committee Court should be one of summary jurisdiction, but strictly accountable to the Students' Union Court through the Students' Union prosecutor, but that by no means should offences such as drunkenness, gambling or breaking of Pembina rules be considered as coming under any jurisdiction other than the Students' Union Court.

It is believed that this meeting went a surprisingly long way in reaching some basis for the two courts, and it is evident that the matter will be an issue next fall when a settlement may be expected.

IMPORTANT POSTS FILLED BY COUNCIL

Director of Handbook, President of Rooters' Club, Business Manager of The Gateway, Accountant, Appointed

Since taking office on April 6, the Students' Council for 1926-27 have already held four meetings at which much important business was transacted.

The questionnaire for next year's Freshmen was placed in the hands of a committee. Several changes were made in this year's form, and the revised document has been turned over to the printer.

Percy Davies was made Director of the 1926-27 Students' Handbook. The Council entered into a contract with him to edit and publish the booklet, which will make its appearance next October.

Three appointments were made. Martin Johnstone was made Business Manager of The Gateway, Rod Adams was re-appointed Students' Union Accountant, and Lyall Wyatt chosen as President of the Rooters' Club.

The Council went on record as favouring the Covered Rink. Clarence Campbell and Percy Davies were appointed to the rink committee, and will represent the students on that committee during the summer.

The Women's Athletic Association reported that the proposed track meet to be held in Saskatoon was considered impracticable. The Rugby and Track clubs were authorized to buy equipment in preparation for next session.

It was decided that no Alberta delegate would be sent to the National Students' Union Council.

THANKS FOR ASSISTANCE

It is quite a struggle this, of getting out a Convocation Paper. The Gateway thanks all those who have assisted, especially Mr. Stephens, assistant Registrar, who has handled an unfamiliar task in a highly creditable manner.

INITIATION

(From report of President o f Union on Organizations and activities)

That "Initiation this year revived somewhat the spirit which went with the initiations some five or six years ago in the capacity of putting the Freshmen in their place," was to quite an extent evident.

Despite, however, the introduction of tactics which in any way resembled previous practices, I have nothing but the highest of commendations to extend to the Initiation Committee, under the chairmanship of Mr. George Fraser. Never have I seen any better feeling between Freshmen and Sophomores, and I have optimism enough to believe further that never have I seen any more instructive programme. The detractory phases are always dealt with in a most exaggerated and all too impossible manner. It will be for me, therefore, only to point out that this year's programme included:

1. A complete instructional tour of the University departments.
2. The introduction of Freshmen to University officials.
3. Brief addresses by various student officials on the occasion of the gathering together of Freshmen for the purpose of practising Varsity yells.
4. Friendly chats with Senior students on various aspects of student life.
5. Compulsory study hours.

The overtown parade is now a thing of the past, and I am not convinced but what this is a good thing. It must always be remembered that the conduct of students is interpreted as the training they get at the University, as such is a reflection on the University, and for this reason every care must be taken that the public are not besieged with wrong impressions.

Initiation has a useful purpose and distinct function to fill at the University if conducted upon the proper principles, but care must always be taken not to carry this belief to extremes. That a "taking-down" in the proper sense is a desirable thing for Freshmen I am convinced, and seeing it brought to a final conclusion as I did this term in that friendly but keenly fought push-ball contest, makes me all the more a firm believer in the type of programme featured this term.

GRADUATES AND FRIENDS LISTEN TO THE PRESIDENT

BACCALAUREATE SERVICE ON SUNDAY MOST IMPRESSIVE—INSPIRING ADDRESS

The Baccalaureate Service of the University of Alberta for the Session 1925-26 was held on the evening of Sunday, May 9. The academic procession led by the President, included the graduating class, the Faculty and the members of Convocation who were present. The music for the procession was played by Mr. L. H. Nichols on the Memorial Organ.

Dr. Tory delivered the Baccalaureate Address. His text was from the Second Book of Kings: "His driving is like the driving of Jehu, the son of Nimshi: for he driveth "furiously". Jehu was a leader among the Israelites; a marked man, whose will and ability drove him to accomplish what he set himself to do.

In all ages there have been Jehus, whose genius and will to do has been directed to their self-set works. To these men it is unnecessary that opportunity be presented, for they create their own means of expression. When circumstances demand it of them, they tower up. The crisis in England today will bring into relief the potential genius of her leaders. The world looks to these men.

Speaking particularly to the graduating class of 1926, Dr. Tory said that they too constituted a marked group. Years before many had begun their school work. Only a few had completed their years in the University. They had been impelled by the desire for intellectual advancement, and growth of character, and by the need of economic betterment.

University graduates must feel their responsibility to the world as fellow workers and thinkers. The Province of Alberta has a right to expect much of the graduates of her university. Each must fulfil that expectation by finding and doing his work. Each must remember his duty to himself and his duty to his fellows: the completion of self, for service.

In the service of song were two solos. Miss Gladys Brown, '26, sang "The Voice in the Wilderness", and Mr. H. G. Turner, "Thy Rebuke has Broken His Heart".

VALEDICTORY MARKS CLASS'S FAREWELL

'26 On Eve of Graduation Conducts Impressive Service—Herbert Valedictorian

One more class of prospective graduates paid its formal adieu to the Alma Mater on Wednesday, March the 24th, when the annual valedictory service of the graduating class of the University was held. As a consequence, students' thoughts were once more turned towards the coming Convocation, which will mark the passing out of university life of more than one hundred students, many of whom will long be remembered here.

The address to the graduating class was delivered by Prof. A. L. Burt, honorary president of Class '26. Mr. Burt impressed upon the class a great many advantages which their university training would give them, whatsoever walk of life they should choose, and of the duty which they, as university men and women, owed to their fellow citizens. He spoke also of the pleasant associations which he had had with members of the class since they had chosen him as honorary president four years ago, and wished them every success following graduation.

The critique of Class '26 was delivered by Don MacKenzie, of Class '27. In a very clever and humorous manner, Mr. MacKenzie drew the attention of his hearers to the accomplishments, progressive and retrogressive, of the graduating class. On the credit side of the balance he placed the fact that a new dance had been added to the list of "formals" by Class '26, the return of the pound sterling to par, and the wane of the Charleston, while the gravity of its mistakes were exaggerated very amusingly.

The class history was read by Miss Marjorie Sherlock. Miss Sherlock drew attention to the fact that the graduating class included in its number three editors of The Gateway, the weekly undergraduate publication of the University, and the three debaters who met the Imperial debating team here in the course of its Empire tour, losing the decision by a single vote In addition, said Miss Sherlock, a new formal function, and representatives on various athletic teams, had been contributed by this class.

The presentation to the University of a gift from the class was made by Bruce Macdonald. The gift is a statue of the winged mercury, from the hand of a noted Italian sculptor. In making the presentation, Mr. Macdonald said that the statue had been shipped from Rome, but had not yet arrived. In choosing this gift, he said, the class had attempted something more representative of the University as a whole than had characterized class gifts of previous years. The ceremony was performed with the aid of a miniature of the gift.

On behalf of the University, Dean W. A. R. Kerr accepted the gift.

The valedictory address was given by Walter Herbert, B.A. '23. Mr. Herbert spoke of the benefits which the class had derived from the training obtained in various departments of the University; of the traditions of the University, and of its social life. He spoke also of the duty which University men and women owed to their fellow citizens and to civilization as leaders of society, and pledged the class to earnest endeavor in the performance of its duty to the community as a whole and to the University.

Other items on the program included an organ solo by Prof. L. H. Nichols, and a vocal solo by Miss Gladys Brown.

M.E. 62
Class II: Knighton; Mealing.

M.E. 65
Class II: Jones.

PHYSICS 1
Class I: Leighs.
Class II: Boyce; Neil; Miskew; Rule; Marr; Edwards; Jellis; Brownfield.
Class III: Nicol; Mihalcheon; Hilliker; Robertson.
In addition to the above the following students have satisfied the Physics Department in regard to laboratory work only: Forman; Linton; Smiles; Fink.

PHYSICS 3 (b)
Class I: Field; Hango and Olsen, equal; McFarland; C. B. Fisher.
Class II: S. T. Fisher; Harcourt; Linke and Runge, equal; Bradley; Lynn; Lucas and McDougall, equal; Parry; Kostash and Lewis and Walton, equal; Parry; Olesky; McArthur.
Class III: Baldwin and Lakusta and McInall, equal; Pepper; Wyllie; Thompson and Young, equal; Attewell; Fraser; Porayko; E. L. Smith, aegrotat.
In addition the following students have fulfilled the requirements of the Department in the Laboratory work: C. A. Smith; Green.

PHYSICS 6
Class II: Kyle; Jones; Moon; Melnyk.
Class III: Acheson; Laverty; Pollock; White; Bocock and Porteous, equal; Morris; Piper.
In addition to the above-mentioned successful candidates, the following have passed in Physics 6 Laboratory: Kemp; Gudmundson; Ortner; Bowman; Dutil.

PHYSICS 53
Class II: Kunst; Willis.
Class III: Moorhouse; McPherson.

POLITICAL ECONOMY 69
Class I: Ferguson; Osterland; Knighton.
Class II: Muir; Mealing.
Class III: Grindley.

FACULTY OF MEDICINE

ANATOMY 2 AND 5
Class I: McCallum; G. C. Johnston.
Class II: F. D. Johnston; H. S. Ellis; Schroeder and Skitch, equal; Bird and Borrowman and Valens, equal; Dunn and Ostry and Stephens, equal; Byers and Claxton, equal; Walker; Brearley; MacGregor and Watts, equal; Banks and Calder and McKinnon, equal; Large and Miss Wilson, equal; J. P. Ellis.
Class III: Whitelaw; O'Toole and Werthenbach, equal; Foster; Malcolmson.

ANATOMY 6 AND 8 (THEORETICAL)
Class I: Gibson.
Class II: Thorpe; Revell; Galbraith; Simpson; Little; Mutchmor; Siebert.
Class III: Lowry.

ANATOMY 6 AND 8 (LABORATORY)
Class I: Revell; Gibson.
Class II: Thorpe; Little and Mutchmor, equal; Galbraith; Siebert; Lowry and Simpson, equal.

ANATOMY 12
Class II: G. C. Johnston, Watts; MacGregor and Malcolmson and McKinnon and Ostry, equal; Byers; Stephens; O'Toole; Borrowman and Miss Wilson, equal; Walker; Dunn and F. D. Johnston and McCallum, equal; Calder and Large and Skitch, equal; H. S. Ellis and Werthenbach, equal; Banks and Brearley and Claxton and Whitelaw, equal; J. P. Ellis and Foster and Melling, equal.
Class III: Aylesworth and Valens, equal; Bird and Miss Overgard, equal.

ANATOMY 13
Class II: Revell; Thorpe; Lowry; Galbraith.
Class III: Gibson; Siebert; Little and Mutchmor, equal; Levine; Wasson; Simpson.

ANATOMY 14
Class I: Miss Wilson; H. S. Ellis.
Class II: McKinnon; Borrowman; Skitch; Walker; G. C. Johnston and McCallum, equal; Schroeder and Valens, equal; Stephens; Werthenbach; Brearley and Large and Watts, equal; MacGregor; J. P. Ellis and F. D. Johnston and Whitelaw, equal; Bird; Byers and Calder, equal; Dunn; Aylesworth; Ostry.
Class III: Foster; Melling; Claxton; O'Toole; Banks and Miss Joyce, equal; Malcolmson; Overgard.

Students will be notified from the University Office regarding supplementals and other requirements of the Faculty Councils in their particular cases. The classified results in various courses are as correct as it is possible to make them in the limited time afforded since enumerations, and are subject to Faculty rulings in particular cases and to ratification by the Senate.

ANATOMY 15
Class II: Thorpe; Revell; Galbraith and Gibson, Siebert; Mutchmor; Lowry.
Class III: Simpson; Wasson; Little; Levine.

ANATOMY 22
Class I: Galbraith; Revell.
Class II: Gibson and Siebert, equal; Thorpe.
Class III: Lowry; Little; Mutchmor; Simpson.

ANATOMY 23
Class II: Gowda; Husband and Powell, equal; Richardson; Lesik.
Class III: McLean and Murray, equal; Boykowich and Zakus, equal; Haworth.

ANATOMY 53
Class I: MacPherson; Cain.
Class II: Hunt; Grisoff; Murray and Wright, equal; Cameron and Stoner, equal; Giffen and Rosenthal and Rush, equal; Cockle; Annett and Baldwin, equal; Galbraith.
Class III: Miss Mahaffy and McLean, equal.

ANATOMY 54
Class I: MacPherson; Cain.
Class II: Hunt; Murray; Rush; Cameron; Grisoff; Wright; Cockle and Giffen, equal; Baldwin and Stoner, equal.
Class III: Galbraith; Annett; Miss Mahaffy; McLean; Rosenthal; Cooper.

ANATOMY 60
Class I: Hunt.
Class II: Cain; Giffen and McPherson, equal; Wright; Alexander and Cockle and Rosenthal, equal; Baldwin and Stoner, equal; Grisoff and Rush, equal; McLean; Annett and Cameron, equal.
Class III: Murray; Malo; Miss Mahaffy; Galbraith.

BACTERIOLOGY 51
Class II: Cain; Hunt; Rosenthal; Cockle; Cooper and Rush, equal; Giffen and McPherson, equal; Murray.
Class III: Baldwin and Miss Mahaffy and Prior, equal; Annett; Cameron and Galbraith, equal; Wright; Alexander, Stoner.

BACTERIOLOGY 55
Class II: Gerrie.
Class III: Sutherland; Burstein and Wasson, equal; Ahrens; Wilkinson.

BIOCHEMISTRY 1
Class I: Hunt.
Class II: McPherson and Rosenthal and Stoner, equal; Grisoff and Murray, equal; Cain; Annett; Cameron and Cooper and Rush, equal; Miss Mahaffy; MacLean.
Class III: Giffen; Cockle and Wright, equal; Galbraith.

BIOCHEMISTRY 1 (DENTISTRY)
Class II: Lesik; Powell; Richardson; Gowda.
Class III: Zackus; Husband; MacLean; Haworth.

BIOCHEMISTRY 51
Class I: Johnstone; Weinlos; Whitworth.
Class II: Whiteside; Miss Woods; Chappelle; Cassels and Currie and Laudan, equal; Miss Burgess; Bradford; Begg.
Class III: Zadra; Buriak; Christie and Bradley, equal; Shankman; Brunton; Lobel, Miss Kennedy; Murray.

BIOCHEMISTRY 52
Class I: Tallman; Verchomin.
Class II: Crawford and Gilchrist, equal, Nix; Sprague; Flater and McKenzie and Rawlinson, equal; Haworth and Halabisky, equal; Anderson and McLean, equal; Wilson; Langston and Smith, equal.
Class III: Hicks and Hollies, equal; Davies; Agnew; MacDonald.

BOTANY 2
Class I: Carver.
Class II: Madill; Lesk and Burris, equal; Vosburgh; Dodds and Miss Scoffield, equal; Dimmock; Halperin; Stockton; Taylor and Hodgson, equal; Fraser and Springbett, equal; Murphy; Trowbridge and Bramley-Moore, equal; Carson and Richardson and Dunne, equal.
Class III: Rosher; Webber and Brynildsen, equal; Wyatt and Nevesciz, equal; Hart; Tyner and Bradley, equal.

CHEMISTRY 2
Class I: Burris.
Class II: Weinlos; Carver and Vosburgh, equal; Dimmock and Taylor, equal; Miss Scoffield; Bramley-Moore and Madill, equal; Rosher Kickham and Revell, equal.
Class III: Cutsungavich; Hart and Richardson and Trowbridge, equal; Brynildson and Neveczis and Stockton, equal; Halperin; Hodgson; Dunn and Murphy, equal; Dobson.

CHEMISTRY 2 (DENTISTRY)
Class II: Dodds and Wyatt, equal; Fraser and Springbett, equal; Carson; Tyner.
Class III: Hofbauer; Miss Bradley and Webber, equal.

CHEMISTRY 3
Class I: Schroeder; G. C. Johnston and Valens, equal.
Class II: O'Toole; Stephens and Walker, equal; Claxton and F. D. Johnston, equal; Byers; Brearley and Miss Wilson, equal; Calder; Skitch; Borrowman and McKinnon and Watts, equal; Foster; Dunn and Melling, equal; J. P. Ellis and MacGregor, equal; Banks and Malcolmson, equal.
Class III: H. S. Ellis; Werthenbach; Bird; Aylesworth; Whitelaw.

CHEMISTRY 3 (DENTISTRY)
Class II: Levine; Lowry; Gibson; Simpson.
Class III: Mutchmor; Little and Revell, equal; Siebert; Galbraith.

CHEMISTRY 61
Class II: Powell; Gowda; Richardson; Haworth; Lesik and MacLean, equal; Husband.
Class III: Murray and Zakus, equal; Boykowich.

CLINICAL MEDICINE 51
Class II: Buriak and Laudan, equal; Whitworth; Weinlos; Brunton and Cassells, equal; Murray and Miss Woods, equal; Begg; E. A. Johnston and Whiteside, equal; Christie; Burgess; Dobry and Luoren, equal; Bradley.
Class III: Shankman and Zadra, equal; Chappelle; Bradford; Currie; Miss Kennedy; Lobel.

CLINICAL MEDICINE 52
Class I: Anderson; Crawford and Gilchrist and Hollies and Rawlinson, equal; Sprague.
Class II: Haworth and McKenzie, equal; Verchomin; Tallman; Flater; Halibisky; Hicks and Langston and MacLean, equal; Davies; Agnew.
Class III: MacDonald and Nix and Smith, equal; Wilson.

CLINICAL MEDICINE 53
Class I: Miss Caswell and Genereux and Kershaw and Krause, equal.
Class II: Saunders and Ward, equal; Campbell; Matas and Michie, equal; Strilchuk and Watsyk, equal; Miss Hamilton and Verreau, equal; Megas.
Class III: Kirkpatrick and Miss Lyness, equal.

CLINICAL MEDICINE 54
Class I: Calhoun.
Class II: Gerrie; Smith; Sutherland; Wilkinson.
Class III: Burstein; Ahrens.

CLINICAL SURGERY 51
Class II: Laudan; Weinlos; Buriak and E. A. Johnston and Whitworth, equal; Brunton and Currie and Luoren, equal; Whiteside and Miss Woods, equal; Begg; Lobel; Bradford; Dobry; Chappelle; Christie.
Class III: Shankman and Murray, equal; Miss Burgess and Miss Kennedy, equal; Bradley.

CLINICAL SURGERY 52
Class II: MacLean; Crawford and Tallman, equal; Rawlinson; Nix; McKenzie.
Class III: Flater and Hollies, equal; Haworth; Agnew and Davies, equal; MacDonald; Gilchrist; Anderson; Sprague and Wilson, equal.

CLINICAL SURGERY 53
Class II: Kershaw and Saunders, equal; Ward; Michie; Krause; Miss Caswell and Megas, equal; Strilchuk.
Class III: Genereux and Miss Hamilton, equal; Campbell and Miss Lyness, equal; Matas; Verreau; Watsyk; Kirkpatrick.

DENTISTRY 1 (LECTURES)
Class I: Thorpe; Galbraith; Gibson and Revell, equal.
Class II: Siebert; Mutchmore; Lowry; Levine; Little; Simpson.

DENTISTRY 1 (LAB.)
Class I: Thorpe; Gibson; Revell.
Class II: Little; Siebert; Galbraith; Lowry and Mutchmore, equal.
Class III: Levine and Simpson, equal.

DENTISTRY 2 (LECTURES)
Class I: McLean and Gowda and Husband, equal; Haworth.
Class II: Powell; Richardson; Lesik; Zakus; Murray.
Class III: Boykowich.

DENTISTRY 2 (LAB.)
Class I: Haworth; Gowda and McLean, equal.
Class II: Husband and Lesik, equal; Richardson; Powell; Zakus; Murray; Boykowich.

DENTISTRY 3 (a), LECTURES
Class I: Richardson; McLean and Zakus, equal; Gowda; Haworth.
Class II: Husband; Powell; Boykowich and Lesik, equal; Murray.

DENTISTRY 3 (a), LAB.
Class I: McLean; Richardson.
Class II: Gowda and Haworth, equal; Zakus; Murray; Husband; Boykowich and Powell, equal; Lesik.

DENTISTRY 3 (b), LECTURES
Class I: Richardson; Gowda and McLean, equal; Zakus; Haworth.
Class II: Husband; Powell; Lesik and Murray, equal; Boykowich.

DENTISTRY 3 (b), LAB.
Class I: McLean; Richardson.
Class II: Gowda and Haworth, equal; Zakus; Murray; Powell; Boykowich; Husband.
Class III: Lesik.

DENTISTRY 51 (LECTURES)
Class I: Sutherland; Burstein.
Class II: Gerrie; Smith; Wilkinson; Ahrens.

DENTISTRY 51 (CLINIC)
Class II: Gerrie and Sutherland, equal; Wilkinson; Smith.
Class III: Burstein; Ahrens.

DENTISTRY 52 (LECTURES
Class I: Gerrie.
Class II: Wilkinson; Burstein and Ahrens, equal; Smith; Sutherland.

DENTISTRY 52 (CLINIC)
Class I: Gerrie and Sutherland, qeual.
Class III: Burstein; Smith; Wilkinson; Ahrens.

DENTISTRY 53 (LECTURES)
Class I: Calhoun; Sutherland; Gerrie.
Class II: Ahrens and Wilkinson, equal; Smith; Burstein.

DENTISTRY 53 (CLINIC)
Class I: Calhoun and Gerrie, equal.
Class II: Wilkinson; Ahrens and Sutherland, equal; Smith.
Class III: Burstein.

DENTISTRY 54 (LECTURES)
Class I: Calhoun; Gerrie; Sutherland.
Class II: Smith; Wilkinson; Burstein; Ahrens.

DENTISTRY 54 (CLINIC)
Class I: Calhoun; Gerrie.
Class II: Sutherland; Ahrens and Wilkinson, equal; Burstein.
Class III: Smith.

FRENCH 46
Class I: Carson.
Class II: Burris; Dimock; Miss Scoffield and Vosburgh, equal; Stockton; Richardson; Halperin; Hart; Dunn; Wyatt; Hodgson, Tyner; Bramley-Moore; Neveczis and Rosher, equal.
Class III: Brynildsen and Dodds and Murphy, equal; Webber; Dobson and Trowbridge, equal; Miss Bradley; Carver; Hofbauer and Springbett, equal.

GERMAN 46
Class II: Revell.

HISTORY 1
Class III: Miss A. Magoon.

HYGIENE 53
Class I: Gilchrist; Langston; Tallman; Anderson and Hollies, equal.
Class II: MacLean; Crawford; Haworth and Sprague, equal; Wilson; [illegible] and Verchomin, equal; Davies.
Class III: MacDonald; McKenzie; Halibisky and Rawlinson, equal; Smith.

MATERIA MEDICA 3
Class I: H. S. Ellis.
Class II: Watts; Large; O'Toole; McKinnon; Schroeder; Claxton and Valens, equal; Malcolmson; Ostry and Miss Wilson, equal; McCallum; G. C. Johnston; Dunn and Werthenbach, equal; Calder.
Class III: Brearley; Aylesworth and Byers, equal; Borrowman and J. P. Ellis and Foster and McGregor, equal; Overgard and Whitelaw, equal; Bird and F. D. Johnston and Melling, equal; Skitch; Banks; Stephens; Walker.

MATERIA MEDICA 4
Class II: Richardson; Lesik; MacLean; Zakus; Gowda; Murray; Powell; Haworth; Boykowich; Husband.

MEDICAL JURISPRUDENCE AND TOXICOLOGY 51
Class I: Sprague.
Class II: Tallman; Crawford; McKenzie; Hollies; Langston; Anderson; Wilson, Halibisky; Gilchrist and Nix and Verchomin, equal; MacLean.
Class III: Hicks and Rawlinson, equal; Davies; Haworth; MacDonald; Smith; Agnew and Flater, equal.

OBSTETRICS AND GYNAECOLOGY 51
Class II: Rawlinson; Gilchrist and Tallman, equal; McKenzie; Sprague; Langston; Haworth; Anderson; Crawford and Flater and Hicks and Nix, equal; Hollies; McLean; Davies.
Class III: Verchomin; Agnew and Smith, equal; Wilson; Halibisky; McDonald.

OBSTETRICS AND GYNAECOLOGY 52
Class II: Ward; Michie; Campbell; Strilchuk; Krause; Saunders; Watsyk.
Class III: Miss Lyness; Miss Caswell and Kershaw, equal; Verreau; Matas; Megas; Genereux; Kirkpatrick; Miss Hamilton.

OTO-RHINO LARYNOLOGY AND OPHTHALMOLOGY 51
Class II: Crawford; Sprague; Haworth; Flater; Nix; Davies; Halibisky; Anderson and Tallman, equal; MacLean; McKenzie; Verchomin and Hollies, equal; Rawlinson.
Class III: MacDonald and Smith, equal; Wilson and Langston, equal; Hicks and Gilchrist, equal; Agnew.

OTO-RHINO LARYNOLOGY AND OPHTHALMOLOGY 52
Class II: Strilchuk; Ward; Michie; Watsyk and Kershaw, equal; Genereux and Matas, equal; Saunders and Verreau, equal; Krause and Campbell, equal; Megas.
Class III: Miss Caswell; Miss Lyness; Miss Hamilton; Kirkpatrick.

ORTHODONTIA 55 (LECTURES)
Class I: Gerrie; Sutherland; Burstein; Wilkinson.
Class II: Ahrens; Smith.

ORTHODONTIA 55 (CLINIC)
Class II: Gerrie; Sutherland; Wilkinson.
Class III: Burstein; Smith; Ahrens.

PATHOLOGY 51
Class I: Weinlos.
Class II: Laudan; Bradford and Miss Woods and Gerrie, equal; Christie; E. A. Johnston; Chappelle; Begg, Shankman; Buriak; Whiteside and Whitworth, equal; Sutherland; Brunton and Miss Kennedy, equal; Currie and Lobel and Murray, equal.
Class III: Luoren; Bradley and Burstein, equal; Ahrens and Dobry, equal.

PATHOLOGY 53
Class I: Tallman; Sprague.
Class II: Crawford; Gilchrist and Halibisky, equal; Rawlinson; Anderson; MacLean; McKenzie and Nix, equal; Wilson.
Class III: Haworth; Hollies; Flater and Hicks, equal; MacDonald; Davies.

PATHOLOGY 55
Class II: Ahrens and Gerrie and Sutherland, equal; Smith; Wilkinson; Burstein.

PHARMACOLOGY 70
Class II: Richardson; Lesik; Gowda; MacLean; Zackus; Haworth.
Class III: Powell; Husband and Murray, equal; Boykowich.

PHARMACOLOGY 72
Class I: Weinlos.
Class II: Whitworth; Cassels; Buriak; Laudan; Chappelle; Shankman; Bradford; Woods; Dobry.
Class III: Bradley and Lobel, equal; Currie; Johnson; Christie; Murray; Brunton; Miss Kennedy; Begg; Greenberg and Whiteside, equal.

PHARMACY 3
Class II: Cain; Cockle; Cameron; Annett; Cooper; Galbraith; Hunt; Baldwin.
Class III: Rush; Giffen and Murray, equal; Wright; Grisoff; MacLean and MacPherson and Rosenthal, equal; Miss Mahaffy and Stoner, equal.

PHYSICS 1
Class III: Miss Lundy.

PHYSICS 2
Class I: Burris; Carver; Bramley-Moore; Revell and Miss Scoffield, equal.
Class II: Vosburgh; Springbett and Wyatt, equal; Dodds; Dimock and Neveczis, equal; Stockton; Taylor; Webber; Hart; Kickham; Rosher.
Class III: Carson; Miss Bradley, Hofbauer.
In addition the following student has satisfied the requirements of the Department in his Laboratory work: Murphy.

PHYSIOLOGY 41
Class II: Gibson; Siebert and Thorpe, equal.
Class III: Lowry and Simpson, equal; Revell; Little; Galbraith; Levine; Mutchmor.

PHYSIOLOGY 71
Class I: MacPherson.
Class II: Cain; Cooper and Grisoff, equal; Baldwin; Hunt and Rosenthal, equal; Cameron and Giffen, equal; MacLean; Wright; Cockle; Annett and Rush and English, equal; Murray.
Class III: Stoner; Miss Mahaffy; Galbraith.

PHYSIOLOGY 72
Class II: Buriak; Whitworth; Bradley and Weinlos, equal; Brunton and Chappelle, equal; Currie and Laudan, equal.
Class III: Shankman; Bradford and Christie, equal; Woods; Lobel and Luoren, equal; Begg; Burgess; Murray; Johnson; Whiteside; Cassels; Dobry; Greenberg.

PSYCHIATRY 62
Class II: Genereux and Watsyk, equal; Michie and Strilchuk, equal; Miss Caswell and Campbell, equal; Miss Hamilton.
Class III: Krause; Ward; Megas; Kershaw; Miss Lyness and Matas and Verreau, equal; Kirkpatrick and Saunders, equal.

PSYCHOLOGY 60
Class I: Whitworth.
Class II: Bradford; Christie and Weinlos, equal; Currie.
Class III: Laudan; Dobry; Chappelle; Buriak and Lobel, equal; Zadra; Bradley and Begg, equal; Whiteside.

SURGERY 54
Class I: Calhoun and Gerrie, equal; Burstein.
Class II: Sutherland; Ahrens; Smith.
Class III: Wilkinson.

THERAPEUTICS 51
Class II: Crawford; Anderson; Tallman; Gilchrist; McKenzie; Nix; Rawlinson, Agnew and Smith, equal; MacLean and Wilson, equal; MacDonald.
Class III: Flater and Haworth, equal; Hicks; Langston; Halibisky and Sprague, equal; Hollies and Verchomin, equal; Davies.

THERAPEUTICS 52
Class II: Michie; Strilchuk; Matas; Miss Caswell and Genereux, equal; Saunders and Ward, equal; Krause and Megas, equal.
Class III: Kershaw; Campbell; Miss Lyness; Miss Hamilton and Watsyk, equal; Kirkpatrick and Verreau, equal.

ZOOLOGY 1
Class II: Miss R. Thompson.

ZOOLOGY 2
Class I: Burris; Weinlos.
Class II: Springbett; Madill; Rosher and Miss Scoffield, equal; Carver and Cutsungavich and Dunn, equal; Murphy.
Class III: Stockton; Fraser and Trowbridge and Vosburgh, equal; Dodds and Richardson and Taylor, equal; Hodgson; Tyner and Wyatt, equal; Brynildsen and Bramley-Moore, equal; Dimock; Carson; Neveczis; Webber.

SCHOOL OF PHARMACY

ACCOUNTANCY 1
Class I: Millward.
Class II: Dawson; Whidden; Kluck and Hedderick, equal; Robinson; Waterbury and Bullock, equal.

Class I: Gerhart; Madden; Groves.
Class II: Mrs. Henry; Bailey.
Class III: Leech and Mercer, equal; Fraser; Cuthill; Ganton; Miss Heggen; Ranks.

PHARMACY 2
Class I: Groves; Gerhart.
Class II: Madden; Mrs. Henry; Bailey; Fraser; Ganton; Miss Heggen and Mercer and Ranks, equal.
Class III: Leech; Cuthill; Oliver.

PHARMACY 4
Class I: Bailey; Madden; Gerhart; Mercer.
Class II: Ganton; Groves; Cuthill; Ranks Fraser.
Class III: Oliver; Mrs. Henry; Leech; Miss Heggen.

PHYSICS 2
Class I: Kluck; Millward.
Class II: Robinson; Dawson; Pauls and Waterbury, equal; Hedderick; Bullock and Torrie, equal.
Class III: James; Dobson; Fedorchuk; Edwards; Cauldwell and Dewar, equal; Blair; Miss Heggen and Steeves, equal; Ranks; Leech; Woods.
In addition the following students have satisfied the requirements of the Department in their Laboratory work only: Boylan and Yule.

TOXICOLOGY 1
Class I: Gerhart; Groves; Madden; Mrs. Henry; Miss Heggen.
Class II: Bailey; Ganton; Fraser; Ranks; Oliver; Mercer; Leech.
Class III: Cuthill.

FACULTY OF ARTS AND SCIENCES

ACCOUNTANCY 1
Class I: Hunter.
Class II: Boyle; Dockerill; Lehanky.
Class III: Price; MacDonald; Vicars; Miss Thompson; Taylor, Tennyson; Lundy.

ACCOUNTANCY 55
Class I: Culver; McEwen; McAra; Miss Clermont and Jeffery, equal.
Class II: Henderson and Sprung, equal; Miss Manning; Miss Kellam and Miss Owens, equal; Davies; McLaren; Nielson and Miss Cooper, equal; Willis and Giffen, equal; Shulman and Miss Swinarton and Miss Paterson, equal; Barker and Iversen, equal; Glass and Potter, equal.
Class III: Waldo; Macdonald and Miss Matthews, and Kellam, equal; Miss Bain; Adams and Miss Hessey, equal; Power.

ANCIENT HISTORY 51
Class I: Miss McAlpine; Smith, Miss Sherlock; Miss Jamieson; Harrison; Miss McQueen and Miss Secord, equal; Miss Sorenson and Miss Torgerson, equal; Baker and Miss Gimby, equal.
Class II: French; Miss Bell; Miss Dalgleish and Hargrave and MacKenzie and Miss Nichols, equal; Miss Brown and Miss Gazley and Pekarsky, equal; Laverty; Miss B. McCallum and Miss J. McCallum, equal; Miss Shillington; Stade and Miss Wood, equal; Dain; Miss Keir.
Class III: Miss De Silva.

ARCHITECTURE 62
Class I: Miss Kiteley.
Class II: Deeprose; Macgregor; Froman; French.
Class III: Miss K. Reed; Philp; Cooper; Miss Wood; Miss B. McCallum; Miss Fanning aegrotat.

BIOCHEMISTRY 51
Class II: Miss Gratz.

BIOCHEMISTRY 61
Class I: Kutz; Mueller.
Class II: Miss Race; Irwin; Miss Moyer; Sturrock; Miss Auger.
Class III: Miss Fanning; Bell; Miss Clutton; Miss Deane and Miss Redig, equal.

BOTANY 1
Class I: Miss Austin.
Class II: Allin; Chappel and Mitchell, equal; Strohan; Baker and Weinlos and Meadows, equal; D. L. McCallum and Miss Shillington, equal; Lyle and Stoner, equal; H. Scott; Sproule and Miss Shlain, equal; Young; F. S. Hobbs and Crang and Van Buskirk and Frickleton, equal; Hewelcke and Barnett and Walker, equal.
Class III: Miss Gazley; Archibald; Hamilton and Miss Burgess and Newcombe, equal; Macgregor and Osbourn, equal; Little and McPherson and A. W. Hobbs, equal; Miss Elmore; Miss Lines and Mrs. Baardseth, equal; Forester; Miss McLatchie; Allen; Shultz; Longton; O'Brien; Carlisle.

BOTANY 51
Class II: Hamilton; Miss Auger and Wright, equal; Miss D. Craig; Klingaman; Carlisle.
Class III: Goldberg, Brown.

CHEMISTRY 1
Class I: Beresford; Harwood; Fountain and Hunter and Saddington and Stoner, equal.
Class II: Stanley; Scott; Dhami; Miss Manning and Sproule, equal; Miss Lehmann and Miss A. D. Smith, equal; Miss Swinarton; Miss Bain and Miss Shlain, equal; Miss Paskins; Begg and McKay and Miss M. Thompson, equal; Frickleton and Miss J. Miller and Miss A. G. Thompson, equal; Wood; Adams and Miss R. L. Brown, and Cram and Miss Gilhooly and Levell and Power and Miss G. L. H. Smith, equal.
Class III: Miss Lines; Mrs. Baardseth and Lehanky and Morris and Sommerville, equal; Miss Carnes and Geissinger and Hicks and F. S. Hobbs and Miss McLean and McPherson and Newcombe, equal; Miss Jackson and Miss Lundy, equal; Halton and Taylor, equal; McLaren; Longton and Meadows and Ridpath and Whidden, equal; Miss Aylesworth; Miss Bell and Price and Miss Wood, equal; Miss Cipperley and Hart and Miss B. Thomson, equal; Miss Bell and Miss J. McCallum and Rogers, equal; Archibald and Miss Griffith and Miss Sillars, equal; Miss Elmore and Miss Frost and Miss V. Miller and McDougall and McVeigh, equal; Cameron and Miss Graham and Miss Hill and Miss I. E. Johnston and Miss Mayhew and Miss Milne and Miss McFarlane and Miss McLatchie and Miss Nichols and Nykiforuk and Osburn and Parker and Miss K. Reed and Miss Robinson and Miss Tredway, equal; Miss D. Young, aegrotat.

CHEMISTRY 51
Class I: Reiber.
Class II: Russel; Jewitt and Miss Newhouse, equal; Conquest; Miss Auger; Miss Jamieson; Scarborough.
Class III: Miss L. Coone; Watt.

CHEMISTRY 52
Class I: Reiber; Goldberg; Hamilton and Irwin and Klingaman and Lesk, equal; Brown and Carlisle, equal.
Class II: Chambers; Miss Fanning; Miss B. Scott; Kelley and Wright, equal; Miss Deane and Wasson, equal.
Class III: Miss Osborne; Tinkham; Ramsay; Miss McLennan; Miss McMillan; Miss Bard and Emmett and Miss B. Williams, equal.

CHEMISTRY 54
Class I: Kutz; Reiber and Sutherland, equal.
Class II: Clark; Anderson; Mueller and Sturrock, equal; Conquest; Brewer and Miss

CHEMISTRY 58
Class I: Baker; C. B. Brown and Klingaman, equal.
Class II: Pratt; Strohan; Chambers; Brewer; R. J. Brown and Goodall, equal; Hamilton; Crang; Barnett.
Class III: Wright; Thomson, Lefsrud; Miss McLennan; Allin.

CHEMISTRY 59
Class I: Miss Gratz.
Class II: Miss Moyle.
Class III: Miss Bard.

CHEMISTRY 102
Class I: Sutherland and Sturrock, equal.

CLASSICS IN ENGLISH 51
Class I: Klingaman; Miss Horricks; Miss Clermont and Cornwall; Russell; Miss Hunt and McRae and Mrs. Newland and Miss Stewart, equal.
Class II: Baker; Caspar; MacKenzie and Miss Miller and Miss Toby, equal; Miss Slonaker; Miss Farmer and Miss Gratz and Miss McNichol, equal; Hewelcke and Miss Moyle, equal; Miss O'Donnell and Perrie, equal; Macgregor and Miss McLaggan and Scarborough, equal; Watt; Miss Grant and Miss Roth and Sweeney, equal; Hamilton and Taube, equal; Johnston and Lefsrud, equal; R. J. Brown and Miss Cautley and Edmonds and Pratt and Scott, equal; C. B. Brown and Miss Craig and Thompson and Miss Thrasher, equal; Bryden and Carlson and Miss Redig, equal; Miss Bard and Miss Boyle and Goodall, equal.
Class III: Miss McCray and E. K. Wright and R. J. L. Wright, equal; Chambers and Horne, equal; Miss Bossenberry and Miss Ewing, equal; Downey and Emmett and Miss Parmalee, equal; Miss Clutton; Caley and Miss Gazley and Petersen and Skitch, equal; Miss Bell and Miss Deane, equal; Miss MacNab; Miss Edwards and Kelly and Thomson and Tinkham and Miss Nix, equal; Baker and Stuart and Miss Williams, equal; D. Brown; Miss Osborne and Weir and Miss Young, equal.

COMPARATIVE LITERATURE 51
Class I: Baker.
Class II: Morrison; Miss Kitely; Miss Secord; Miss McCray and Miss B. McCallum, equal; McGregor.
Class III: Bryden and Miss Dalgleish, equal; Miss T. Robinson; Philp.

EDUCATION 54
Class I: Smith.
Class III: Putland.

ENGLISH 1
Class I: Miss Juhlin.
Class II: Miss Powell; Miss Scanlon and McCalla, equal; Miss Atkinson; Miss MacNab; Miss Roseborough; Boyce; Miss J. Campbell; MissBallard; Miss H. Johnson; Rule and Miss Margolus, equal; Miss Norris and Miss Ross, equal.
Class III: W. L. Jones and Neil, equal; G. MacKay; Morrisey and Chittick and J. Bentley, equal; J. R. Reed and Miskew, equal; Miss I. Johnstone and McVeigh, equal; Beach and Oultram and Miss Magoon, equal; Gilroy and Miss McBain and Marr and Foster, equal; L. D. Jones and Robertson and Askin, equal; Miss Blais and Miss Roach and Thomson, equal; Webber and Miss D. Fry and Scully, equal; Miss G. Fry and F. A. Bentley and Brownfield and Cohen and Dockerill, equal; Miss J. Crawford and Miss Stade and Leighs and Nicol, equal; R. G. Dodds and Teviotdale and Cushing and Holowaychuk and Siebert and Woods, equal; Hofbauer and McDougall and Osbourne and C. R. Smith and Davis and Field and J. G. MacKay and McQuillan and Monaghan and Marion and Linton and McMillan, equal.

ENGLISH 2
Class I: Miss J. Williamson and Miss Horricks, equal.
Class II: Miss Farmer and Fountain and Miss Gilhooly and Miss M. Grant, equal; Wershof; Cornwall and Hunt, equal; Sweeney; B. Fraser and M. Halton and A. Watt, equal; Miss Cautley; Miss Carnes and N. Chappel, equal; Conquest and D. Hamilton and Miss Slonaker and E. Taube, equal; J. Perrie; Miss E. Lynch-Staunton; Dhami and Miss Griffith and Miss MacLaggan, equal.
Class III: Stanley; Miss Diamond and Frickelton and L. Walters, equal; K. Burgess and D. Hill, equal; Pekarsky and A. D. Smith, equal; Mrs. Baardseth and Miss Olander, equal; A. Price and Miss Ruth Thompson, equal; Miss M. Jackson; D. Jones and E. Wood, equal; R. J. Brown and Miss O'Donnell and Saddington, equal; D. McInnes; J. Hart and Miss R. Short; F. Frost and R. Strohan, equal; Miss K. Esch and Miss I. MacNab and E. Robinson and Miss Sudre and R. K. Thompson and Miss L. Whiteside, equal.

Assistants—Ethel Cobb, Gladys Sorenson, Eva Jagoe, Hazel Johnson, Helen Boyle, Don MacKenzie, Campbell Hargrave, Max Wershof.

CLASS '26.

On behalf of the University and The Gateway, the paper you have helped produce for four years—Good-bye. The University will welcome back in the fall many of the graduates, but never again will Class '26 assemble as a unit to carry the heat and burden of a university session—at least not for a hundred years. '26 as an entity will exert but little more influence; as a class our day is run. But as individuals the morrow is for us.

It remains for the future to discover the citizenship material inherent in the graduates from the University of Alberta, 1926. Prophecy as to the probable future of individual members, based on a few years' hurried and faulty observation, is practically worthless. Yet we believe that Alberta, or larger spheres in which some may labor, will be a little better because of the influence of these graduating men and women, who depart a little wiser and a little more tolerant because of their university training.

WAS IT WORTH WHILE

Two weeks ago a young man returned to his home after having completed a degree course at the University. After a day of fussing about, getting arranged again in the old home, father and son settled down in the den to smoke the pipe of peace and to talk about the university and the future. One of the first questions asked by the father was, "Well, son, was it worth while? Have you learned anything in the past four years?" To which the son replied in a thoughtful manner, "You bet it was, Dad. I've learned to look at things from the outside in as well as from the inside out."

If every man and woman who receives a degree and pledges fidelity to his or her Alma Mater could answer in the same way to the question, "Was it worth while?" our universities could well hold their heads high—for their existence would be justified.

To some, the chief end of a university is to turn our graduates who know, beyond a doubt, what year Caesar first landed on the little island out from Gaul; or the surest method of finding the cosine of pi, or the normal reaction which should result from passing an electric current through the leg of a frog. But to others, the object of higher education consists in developing and encouraging minds to be broad and tolerant.

Fortunately, the latter view is the truly modern one, and the one which is daily attracting the minds of educators and statesmen; particularly of the English-speaking race.

We are beginning to realize that no problem, be it a great national industrial strike or merely a deficient child, can be solved by a narrow, local study; but that we must view all matters in the light of past experience and former similar circumstances. None of our troubles, great or small, are unique in man's history, and the greater our understanding of what has been and is, the more readily shall we be able to arrive at conclusions which are sound and valuable.

Most of us are too prone to deal with our problems from the inside. We recognize the existence of a difficulty, and then worry ourselves only about the way out. We do not give enough thought to the reasons why we got in. As a result, we build no bulwarks against a recurrence of the set of circumstances which will drift us back to the same hole from which we formerly extricated ourselves. We do not ask "why" enough. Possibly, some day a new progressive university will be established which will have beneath its heraldic crest, not an obscure Latin motto, expressing high purpose, but simply the word "Why?" The institution which graduates from its halls men and women who are as deeply interested in causes as they are in effects is the one to which grateful alumni will look back and say, "It was worth while."

The study of a group of subjects cannot help but impress us with the undeniable interrelationship of all phases of life, and the realization of this condition, which should come to every alert mind after four years of assorted studies, is the greatest asset of the university graduate. Four years of listening to lectures and delving into books may make one a scholar only. Such a result may be worth while to the individual. But, if in addition to tabulated facts, one learns at university to be broad-minded and develops a proper perspective of life, then the time spent at the academy is worth while, not only to the individual, but also to all mankind.

The function of all supervised education is to develop a spirit of true citizenship, and if four years spent at the university have the result of enlarging a man's vision so that he will study causes while dealing with effects, and so that he will realize the kaleidoscopic nature of society, he may well conclude that it has been worth while.

Let us endorse the views of an eminent jurist, and prominent educator, Viscount Haldane, who, in an address to the graduates of the University of Edinburgh, said, "The wider outlook, the deeper symptahy, the keener insight, which university culture gives, do not paralyse. They save him who has won them from numberless pitfalls."

REPORTS OF UNION ORGANIZATIONS

The Constitution

One of the first duties of your newly-elected executive was to make provision for the reprinting of the Constitution. This was done during the summer of 1925, and by way of addition a series of special regulations of the Committee on Student Affairs and Council were included on a special sheet in the back. This proved a great convenience, but when the next edition of the Constitution is printed, might I also suggest that the following be included:

1. Regulations of Common Room Committee.
2. Inter-Varsity debating league constitution.
3. W.C.I.A.U. regulations.

In reviewing the year it is inevitable that some mention should be made of the Interpretation of Statutes Act, which came into operation for the first time. On the whole, it was quite satisfactory. One weakness that should be remedied arises from the fact that no provision is made for the classification of diploma students (i.e., certain nurses and Pharmacy students). The difficulty lies in the fact that the Act is dependent on the Calendar for certain classifications of students, and the Calendar makes no provision which covers the groups referred to. Thus the Act fails in this regard.

The standardization and scope can be greatly facilitated to the interests of all by adherence to the following:

1. A strict enforcement of the Act in regard to year elections; that is, no student should be permitted to run for any office on either one of the classes, unless his status is correct under the Act. I would suggest that the onus for enforcement of the Act be on the President of the Students' Union.

2. That the Freshman and Sophomore years can do much towards aiding in the administration of the Act by using this classification as the basis on which all dance invitations are sent.

3. That the preservation of a Senior Class which would include all who are "seniors" under the Act, is of major importance.

Might I point out here an interpretation which was placed on the Act this year, following difficulties which arose in the fall.

"That a student cannot join a class which would give him a status 'higher' than the one he is constitutionally entitled to, but that he can join one which represents a 'descent', provided it is acceptable to the class in question."

This permits a "Fresh-Sophomore" to join the Freshman Class, which I believe is a necessary ruling, but it does not extend further because circumstances work against it.

A report on the Schedule Act appears elsewhere, while it is significant to call to your attention that it was only found necessary under the Point System Act on two occasions to take advantage of Section II, subsection 1. The new amendment re decorations worked most practically, and I believe we have at last obtained the decoration system in athletics that we wanted.

The following observations have also been deemed worthy of mention:

1. That the Constitution must be regarded as something quite stable, and amendments be resorted to only as a last resource.

2. That all amendments be most carefully drafted so as to preserve the uniformity now existent. The Students' Union Prosecutor might well do this work.

3. That the system of consolidating all amendments into one "Statute Law Amendment Act" be continued, as most efficient and desirable.

4. That I regret very much the Council by resolution suspended a section of the Students' Court Act on fines; this should never be done, as it sets up a precedent which seems to me to indicate that our Constitution is deemed to be, not what in my mind it should be. It is hard for me to imagine circumstances so dire that the Council (or Union) should in meeting officially suspend any part of its Constitution.

THE WEDDING OF CLASS '26

Just fourteen years ago the students of our Alma Mater were called together in convocation for the wedding of the first class to graduate from the University of Alberta.

The gathering was a happy one.

All the friends of Class '12 were confident that life held much in store for the first members who left the shelter of our family portals.

Fourteen years have passed, and each year a graduating class has gone out into the world wedded to profession or business life.

These men and women left their home, confident of the future and happy with memories of the University fireside, around which so many friendships had been formed.

Today the friends of Class '26 are assembled in Convocation Hall with mingled feelings of gladness and regret.

They are happy that their friends are receiving the blessing of their Alma Mater, but feel that though the world will gain much, our hearthside will always miss these cheery and unselfish members of the family.

Their professions have been voluntarily chosen, and success will surely crown their efforts if they love their work, honour their country and obey the rules of fair play. They are married to a larger life, but they should always remember that the University is their home, a home ever ready to lend a helping hand, and a home never to be forgotten.

—J. C. M.

MUSIC CHEERS HARD-WORKED STUDENTS

Mr. Nichols is to be congratulated for his thoughtfulness during the final examinations. It certainly was a great treat to steal away from swatting for a half-an-hour and listen to the comforting strains of the Memorial Organ. Those half-hour concerts will long be remembered by all the men and women who were fortunate enough to listen in.

It is earnestly hoped that Professor Nichols will continue next year the practice he so thoughtfully initiated during the past examinations. From all indications the organ recitals next year will receive the patronage they justly deserve, especially during tests and final examinations.

THE CHRISTIAN SCIENCE MONITOR

Congratulations are due to the Christian Science Monitor, published in Boston, Man., for their Canadian issue of April 16th. It was a very ambitious proposition to make a comprehensive survey of Canada and Canadian conditions, and the Editor and his staff are to be congratulated on the success of the venture.

We have always noted with a great deal of interest that the Monitor is one of the very few newspapers in the United States that is interested in Canadian affairs. It certainly makes a Canadian visiting Boston feel at home when he can pick up an American newspaper and read the latest Canadian news.

The Gateway feels that the Canadian Editor of the Monitor will go far in helping to cement that bond of friendship which exists between the United States of America and Canada.

To all Members of the Students' Union:

Following the most commendable precedent set by Mr. Levey, your Union President last year, it is with much pleasure, but many misgivings, that I submit this report on the administration for 1925-26.

Like all other Councils, the retiring executive set out with many ambitious projects; some of these ambitions were attempted and realized, others were attempted but not realized, while still others were not attempted. Mistakes, too, have been made, but I am confident that they have been profitable ones, and have not been accompanied without much real progress.

To be able to make a critical report of this nature without "stepping on somebody's toes" is impossible and therefore unexpected, but I hasten to assure you that whether or not I am mistaken in judgment, that all written is guided by sincerity of purpose.

It will not be my objective in this report to make a comprehensive review of the activities of individual clubs; neither space in The Gateway nor patience on my part will permit of this. Rather will it be my objective to call to your attention the valuable assistance given by many during the term and consolidate this year's experiences that they may serve as a guide and be of some use to future administrations.

The attached report is most respectfully submitted.

Signed: PERCY DAVIES,
President, Students' Union, 1925-26.

DEBATING SOCIETY

On different occasions the Glee Club has been credited with being a "howling" success. Drawing a somewhat similar analogy but trusting it will be interpeted in a different light, it is my belief upon reviewing the year's work of the Debating Society that it has been a debatable success. This may seem a harsh judgment when it is remembered that the McGoun trophy came back, but after all let us not measure the success of a club by what it did, but rather let it be measured by its opportunities and the manner in which it took advantage of them.

This report is written, not on the basis of any report submitted, for I regret to mention that despite perennial persecution none was forthcoming. The sentiments, however, expressed herein have been based on observations which have been both careful and long-timed. That some of them have already been expressed is common knowledge; there are again added with the hope that their permanence may lead at least to consideration, if not rectification.

The work of the Debating Society in the past session has been confined to the promotion of three series of debates, and these will be dealt with in turn.

Inter-Faculty Debates

Six faculties participated in these debates, and with three exceptions all the teams were strong. The crowds attending these debates were usually quite small, due in my opinion to lack of proper advertisement. As debates, however, they were quite successful. Might I offer the following suggestions:

1. Advertising of the debates more both in The Gateway and on bulletin board.

2. Since it is the prime object of these debates to promote material, that it would be advisable to bar one team from participating more than once. This would give more students an opportunity to debate.

Inter-Varsity Debates

The teams are to be complimented on their earnest work and their successful quest for the McGoun Cup. To Dr. Alexander and Dr. Hardy, coaches, is also due much credit for their tireless efforts in recommending material and criticising the speakers.

The financial side of the debate, I am sorry to say, was a dismal failure. This, I believe, was due to poor management, as was evident from the fact that practically no advertising was displayed, and only $40 taken in at the gate. I see no reason why both attendance and receipts should not be easily doubled.

When these debates are being promoted next year I would suggest the following:

1. A thorough discussion with the Faculty re methods of choosing team; this applies equally well to the Imperial team.

2. That a substitute always be trained for the debate to prevent a recurrence of this year's dilemma.

3. A vigorous advertising campaign both in The Gateway and local papers.

Imperial Debate

That the Imperial debate is worthy of becoming a permanent institution has been ably illustrated again this year by the success this endeavor met with. Considerable credit is due the boys who comprised the team; they worked hard, despite the fact that their subject was most difficult and indefinite. Professors MacDonald and Cameron, and Mr. Long and Mr. Drummond spent many hours with the team in helping them with their material and that the boys made the creditable showing they did was in no small measure due to their efforts.

I believe this year's debate brought out stronger than ever the fact that our system of choosing a team should be carefully investigated. It seems that we are not yet clear as to exactly what type of speaker is required to meet Old Country debaters successfully.

In conclusion, a few general remarks about this Society might not be out of place. This year no attempt was made to organize a Students' Parliament. Surely by getting as leaders some of the best speakers and discussing subjects of interest, a good attendance would result. This, it seems to me, is one of the best opportunities for the students to develop their forensic ability.

The idea of a public-speaking contest has also been mooted considerably. It is regretful that it was only mooted, for surely it is the field of the Debating Society to promote such contests in every way possible. A Lit. Banquet might do much towards encouraging a spirit in this direction. It would certainly bring the literary organizations together and stimulate considerable interest.

This year's Council has been criticized for granting the society such a small budget. To some extent this may be justified, but a final examination of the club's financial standing shows clearly that had the Inter-Varsity debate been conducted on a sound business basis the budget would have been sufficient. Budgets should be made by the clubs on the understanding impliedly that every endeavor will be made to produce revenue also as occasion affords.

The Students' Court

In reviewing the work of the Court for the term, it is pleasing to be able to report that no serious breaches of discipline were met with. "Smoking in the halls" had too long been practised, so the Court took action at the beginning of the term, which resulted in what the Chief Justice reports as a "natural death".

It is perhaps on the question of the present and future jurisdiction of the House Committee, qua Court, that the major difficulty of the year has arisen.

During the term the Chief Justice made the following rulings in regard to the above-mentioned branch of the Court:

1. That offences in the dining-room would be offences (i.e., minor offences) which would be considered within the jurisdiction of the House Committee.

2. That offences committed by non-resident students in or about the residences would, subject to the customary ruling, be considered offences properly within the jurisdiction of the Committee.

3. The interpretation to be placed on the Students' Court Act, Section XIV, was to be: "The House Committee shall have summary jurisdiction to try cases arising out of disorders created in the residences by the students. Should the disturbance arise out of a matter considered by the Students' Court to be of a major nature, then a separate and additional charge may be laid by any student before the Students' Court, based on a major incident out of which the charge of disorder arose."

The object of the ruling mentioned as number 3 was to give the House Committee as discretionary a hand as possible, and at the same time reserve the right to the Court to decide whether in connection with the offence in question there were phases of a major nature that should properly come before the Students' Court as a separate charge. It was considered by the Court that there were some offences which could never be considered of a minor nature, and which must come before the Court, including drunkenness, gambling, or possible offences in connection with breaches of the rules of Pembina Hall.

The House Committee are evidently of the opinion that the above rulings have not been satisfactory, and it is at this point that disagreeance is reached with Union officials.

It might not be out of place for me here to call attention to what I feel is a practice that should not only be discouraged, but should be regarded with disgust. I refer to any particular group of students, that is, resident or non-resident students as individual groups, discussing questions in an organized manner which are truly within the sphere of the whole Union. Union meetings have a constitutionally arranged agenda which makes provision for the systematic discussion of any topics any members wish to bring up, and if good feeling and sympathy is always to pervade the resident and non-resident atmospheres it can only be expected when problems which are of common importance and of interest to all are not discussed in groups, but at Union meetings in accordance with proper procedure.

It is not beyond the realm of possibility that the present Constitution does not lay down definitely enough the exact jurisdiction of the House Committee as a Court, but I would suggest that the best method to overcome such a difficulty is to make the necessary minor amendments rather than to endeavor to upset our whole Court organization, which has, after 14 years of experience, proved so successful.

Mr. Gaunt, the retiring Chief Justice, recommends that the Chief Justice be appointed by the Students' Council upon the recommendation of the Law Club, and further, that he be a member of the Students' Council. I am afraid I cannot sponsor these suggestions for the following reasons:

1. The dangers associated with an appointment particularly to an office of such importance, are such that I am convinced it would ultimately lead to considerable dissatisfaction.

2. That the independence and interference from all outside influence that is necessary for the proper conduct of the Court could not be retained by its having representation on the Council.

There are, it is true, several arguments against election to the office of the Chief Justice, but if the present system is weak because it permits candidates to be nominated for the office who should not be, might I suggest the following:

That the Chief Justice be elected by the whole student body, but the nomination paper shall be valid only when signed by at least ten members (student) of the Faculty of Law. I would add to this my belief that there should be no campaigning of any nature whatsoever for this office, but that the privilege of the floor should always be extended each candidate before elections take place.

A perusal of our Constitution shows that provision is made to try offences summarily before a Judge of the Students' Court sitting as a magistrate. I would suggest it might be better to take advantage of this provision more frequently instead of calling the whole Court on minor infractions of the Code. Such offences as violation of Common Room regulations or minor breaches of discipline might well be heard here without detracting in any way from the prestige which should be attached to a full session of the Court.

As the result of a previous amendment, 1926-27 will witness putting into effect of a provision which allows for appointment of the Sheriff by the Students' Council. As a rule it is indeed difficult to obtain a satisfactory person for this office, as the duties attached to it are quite onerous. Appointment by the Council will do away with objections which have arisen on some occasions in the past, but I would emphasize here the necessity of no person accepting this office without being prepared to sincerely and conscientiously carry through the duties. It is discouraging, to say the least, to see the Sheriff taking part in events, when if he were carrying through the duties entrusted to him he should be doing his utmost to prevent them.

The appointment of constables is also something which should be looked upon with considerably more importance than has evidently been the custom. Enjoying as we do the measure of responsibility and control of discipline, every endeavor should be made to appoint to such offices only those who are prepared to accept such responsibilities and carry them through. If this policy is not to be our guide, we can never expect to retain the measure of disciplinary control we now possess.

While on the subject, it might not be out of place for me to further mention that every student owes a duty to the Court. It is useless and disgusting to hear complaints registered by individuals when the proper procedure was for them to lay an information in the Court. If students are not prepared to do this to aid those in whom they place responsibility for the conduct of affairs, it should be made known so that a different type of organization can be provided, for it was never intended that the present system should function on such a basis.

ELECTIONS

As a result of the amendments passed during the term 1924-25, several departures were evident at this year's Union elections. Mr. Milvain, returning officer, submitted a most complete report which, among other things, indicates the following:

1. That this year approximately 86 per cent. of all those entitled to vote registered their ballot.

2. That the holding of elections for offices in the Wauneita Society and Women's Athletic Association was productive of a much heavier vote than has been the custom for those offices in the past.

3. That it will always be desirable to have a special poll located at the University Hospital for nurses only.

4. That the permanent Graduation Pin was voted on by preferential ballot and has been finally selected.

It was pleasing to note that despite the fact that interesting campaigns were conducted in practically all offices, the best of feeling always prevailed. It has been said by some that interest by the students in their system of government is lax; this may be true to some extent during the year, but observation clearly shows that when the time comes for placing into office those they wish to conduct affairs during the year, nothing but the greatest of interest is shown.

WAUNEITA SOCIETY

Miss Bertha McCallum, President of the Wauneita Society, reports a very successful year. Several new ideas were carried out quite satisfactorily. A general fee of $2.00 was collected from the girls at the beginning of the year to displace the previous custom of levying small amounts intermittently, and this has worked out very well. Another innovation was seen in regular bi-monthly meetings.

Five special functions were held during the year, and starting with initiation all attained the same measure of success. The reception to the men students was held in Athabasca Hall owing to Convocation Hall being unavailable, and it seems that it might not be anything but a good practice to continue this if possible.

Miss McCallum, on closing, recommends that the $2.00 standard fee be maintained, and further that a representative from the Nursing School be elected to the Wauneita Executive for the coming year. Both these suggestions meet with my entire approval, but the latter presents several difficulties, namely, that of giving a group representation as a faculty. There is no doubt but that the Nurses have a good claim in view of their isolation from the rest of our activities. It seems it might be possible to overcome the difficulty mentioned by having the Senior Year appoint their representative from this School; the Constitution of the Society already provides for considerable senior representation, and could a precedent be established that the senior representative would always be a nurse, the necessary representation could be given and the difficulty mentioned overcome.

The Literary Association

The limited field of a report on the Literary Association in general is evident from the fact that its activities are few.

Lit. Nite was again the major attraction of the association, and was quite successful. I have only one comment to make in this regard, and that is that every endeavor should be made to have no admission charged on this occasion. This can only be done by the Council increasing the Lit. budget, which I feel has passed the irreducible minimum.

Miss McQueen, in submitting her report, was greatly handicapped by the fact that two of her departments, the Debating and Dramatic Societies, failed to turn in any statement whatever. That the two outstanding delinquencies in this regard in the whole Union should in the Literary Association is, I would again repeat, not only regrettable, but difficult to understand. It seems to me it is these organizations from which we expect the most, rather than from which we get the least.

Miss McQueen suggests that a Lit. Banquet be held, to the exclusion of all the other banquets within the association; and further, that autonomy within the sub-organizations is desirable as far as the same is practical. I am in perfect agreement with both these suggestions.

This year the Imperial debate was partly under the supervision of the Association. It seemed at the time that such an arrangement was most desirable, and I am not yet convinced but that these early suppositions were sound. As a rule, it would be well to give entire control to the Debating Society itself. In view of the fact, however, that the financial management of such a project is very elastic, I would suggest that it never be included in the fall budget; it would be most desirable for the Debating Society to submit a separate budget to the Council as the event approaches. It will do no harm for me here to point out by way of criticism that this year no budget was presented to the Council, despite the fact that it was under such motion that arrangements were to be made.

Committee on Student Affairs

Only two meetings of this Committee have been necessary during the term, but nevertheless business of considerable importance was then dispensed with. Might I first extend on behalf of the Union our appreciation of the work of those faculty members in our interest. It was indeed a pleasure to sit on such a committee when such good feeling and understanding always prevailed.

Some students entertain the opinion that this committee is merely a rubber stamp for all acts of the Union. This was seen in disappointment which resulted when certain amendments to the Constitution were rejected. It might be well for us to always remember that while our endeavors will always receive every consideration, we must be prepared to accept in good spirit a rejection, when it is felt by the committee that such rejection is in the best interests of all

The following decisions of considerable import were included in this year's legislation:

1. The Chairman of the Men's House Committee has been recommended to the Senate as a person who should sit on this committee.

2. The principle has been definitely enunciated that any student representative on this committee who has acted as counsel on any case on the Students' Court below shall be precluded from taking part in the discussion of any such case when same is being considered by the committee.

3. The Senior Class was awarded a special function.

In reference to the question of dances, several complications have arisen. The President of the Union is directly held responsible to the committee, and consistent with this responsibility, since dances are held in residence, I believe he should be invited when possible to House Committee meetings. I refer particularly to the Men's House Committee, for it is at such meetings that he may gain knowledge which will help him to better understand the difficulties that must be met with in connection with the responsibility mentioned above.

I am not altogether convinced but that the awarding of an extra function to the Senior Class rather than the allotment to them of the Undergraduate Dance was a mistake. I say this because it is common knowledge that at the time of the year they come our term is crowded; the Freshman Class complained bitterly that they were unable to arrange a date in the term early enough to assure them of their dance being a success. There is also the possibility that such increase will detract from the financial and other success of the dances already well established.

Considerable discussion has been in evidence concerning the system in vogue by which "outside" friends obtain admission to our dances. I would make a suggestion which might well be considered if unpleasantness is to be avoided in the future. That we should be permitted to invite "outside" friends is a privilege, in my estimation, but one which I am afraid a few take advantage of by violation. The only way of overcoming the difficulty seems to be that the committee responsible for the dance should rule that no programmes be issued except to the individual party who is entitled under regulations to so call for them; this means that no programmes would be issued by proxy. Aside from these precautions, the students themselves must be entrusted with the maintenance of a high standard and finesse to their functions. I do not believe many will question the advisability and importance of this from every point of view.

THE HANDBOOK

For the first time the term of 1925-26 saw the Students' Union undertake the responsibility for the publication of the Handbook. The University Y.M.C.A. had formerly undertaken this work, but its disbandment in 1921 resulted in the discontinuance of what formerly had come to be known as the Freshman's "Bible."

In deciding to publish an official Handbook, your executive thought it could serve several useful purposes, and particularly to men students.

Material was arranged in keeping with the Sophomore programme and possession of a Handbook was a necessity to all who would avoid Sophomore persecution.

The management of the 1925-26 issue was entrusted to Mr. A. S. Barker, acting under instructions from a committee appointed by the Council; this arrangement was found quite satisfactory under the circumstances. From my own observations I feel convinced of the following:

1. That the Handbook can serve a useful purpose. This is borne out in other universities in Canada, which almost without exception have a publication of a similar nature.

2. That the logical organization for the Handbook is under the direct management of the Students' Union.

3. That a suitable constitution should be drafted providing for a definite organization of the book as soon as possible.

4. That since it is inevitable that the book must be prepared during the summer months, and this entails the delegation of considerable responsibility, it is important that a Council Committee keep closely in touch with the management.

5. That considerable popularity might be added to the book by the inclusion of material which would be of more general interest to the student body.

Medical Services

As student representative on the Medical Services Committee I feel my duties as such could be no more clearly brought before you than was expressed last year by President Levey, as follows:

1. To find out that I was quite ignorant of much of the work connected with Medical Services and its committee.

2. To move occasionally that a bill be paid.

3. To watch four of the busiest men in the University—Dr. Tory, Dr. Pope, Dr. MacEachran and Mr. West—give freely of their time and thought to what is in the best interests of us all.

Two years of operation under the five-dollar fee has brought the Medical Service fund from a former deficit of $1,500 to a surplus of this year's operations of approximately $500. This amount as a surplus to be carried forward may seem considerably large, but I would point out that from the very nature of the work this committee administers, the disbursements will naturally be of a very elastic nature, according to the amount of sickness prevalent.

At the first meeting of the committee it was necessary to fill the vacancy caused by the resignation of Nurse Hayes, and from several applicants Nurse Morrison was appointed. I cannot speak too highly of her work this year; every student who has been under her care has been made to feel he was at home, and it will be a loss to the Services if Miss Morrison is unable to be back with us next term.

The work this year has been considerably heavier than usual, in that the epidemic of measles seemed to make its inroads upon Varsity students. Injuries in athletics, too, were numerous, but fortunately none were of a serious nature.

At the first meeting of the committee the following were also decided upon as a guide for the future:

1. That the Medical Services as such could not be responsible for the treatment of nurses, in view of the fact that no fee was required of these students.

(Arrangements, however, have now been made which it is felt will cover this difficulty in the future.)

2. That X-Ray treatment would be paid for by the Medical Services Committee, provided always that the Director of Medical Services was first consulted and such treatment was at his suggestion.

3. That the ruling in regard to special nurses would be most strictly enforced. (See Medical Services pamphlet.)

4. That at the request of the Treasurer of the Union a financial statement of the Services would always be available at the Bursar's office.

5. That outside Services would always have to be paid for by the individual obtaining them except if such services were on the advice and with the consent of the Director of Medical Services.

In the treatment of injuries received by students while participating in athletics, considerable extension has been definitely made. The Men's Athletic Association are of the opinion that with their limited finances they would be unable in any way to contribute towards any fund which provided for such injuries. After a thorough discussion of the subject, the Medical Services Committee unanimously agreed that while 't would be impossible to extend their services and liability to an undefined limit for such injuries, the Services would be responsible under the same provisions and subject to the same regulations as cover other disabilities. It was clearly pointed out, however, that the Services could not be held responsible for any bills contracted without first consultation being had with the Director. The Director further reserves right to deny treatment of any cases which he feels are beyond the limits of the Services.

In conclusion, I would point out a seeming mistake in opinion which seems to exist in some quarters concerning the relation of Medical Services to non-resident students. While it is not always entirely convenient for these students to take the fullest advantage of Medical Services, it might be well to remember that the services are always at their disposal to the extent that treatment in the informary is regarded as "hospitalization," as defined in the Medical Services pamphlet, and as such will be paid for through the Medical Services fund for a period not exceeding thirty days.

NURSES' CLUB

At a meeting of the various classes held during August, 1925, the University Nurses' Club was organized with the object in view of promoting their interests and welfare as a branch of the Union.

The activities of the year have included initiation of the nurses into the Wauneita Society, Hut Nite, and a School Dance. The nurses are handicapped to a considerable extent, and this has been brought out again this year, by their isolation from the rest of the student body. What can be done to improve their relations with the Union is doubtful, but the following might well be taken into consideration:

1. Some type of representation on the Wauneita Executive. This suggestion has not only come from the nurses themselves, but has also been voiced by Miss McCallum, the outgoing Wauneita president.

2. Every club in the Union should advertise as far as possible its activities at the hospital. This should be done, not only through The Gateway, but also by having posters placed there from time to time. The nurses have been largely neglected in this latter regard.

Social Directorate

A retrospect of the work of the Social Directorate of the term shows that it has filled a long felt need at the University. The work of the Directorate almost completely lifts the burden of entertainment from the particular clubs concerned, especially those details which are so necessary to success.

During the visits of the Imperial debating team, the Manitoba girls' hockey team, the Saskatchewan basketball team, and the University of British Columbia debating team, excellent arrangements and entertainment was very evident. Mr. Mueller, chairman, Mr. Piper and the Misses Swinarton and Roberts are to be congratulated on the quiet and efficient way in which all these entertainments have been conducted.

Mr. Mueller reports that luncheons were found very suitable for entertainment purposes, but difficulty was experienced in getting the necessary attendance. When the Directorate assumes the responsibility it does and makes such elaborate arrangements, it might be well for every member of the team to remember it is his duty to be there. Mr. Mueller further suggests the following:

1. That the work of the Directorate can be made more efficient by the clubs informing them early of any arrangements that have to be made. Too often it has been left until the last minute, when a week's notice could just as easily have been given.

2. It might also be well for clubs to remember that the work of the Directorate is to be looked upon, not as taking entire arrangements out of their hands, but only as co-operative.

THE GATEWAY LOSES THEM

AYLMER LIESEMER

who accepted the position of Managing Editor last fall. Aylmer worked well, and The Gateway regrets his loss.

VIV. LEECH

the man who has been guiding genius of The Gateway Sport Page during the last term. Viv. graduates in Pharmacy.

THE SCHEDULE ACT

The term 1925-26 witnessed the first year of operation of the Schedule Act, and for this reason I deemed it of special importance to mention it. Last fall the Students' Council appointed Mr. Lawrence Kindt Schedule Man, and he is to be complimented for the most efficient manner in which the duties of this office have been performed.

The Act has easily demonstrated its usefulness in our University life; clashes of meetings which formerly existed have been avoided, while the assignment of definite hours to the various clubs has led to greater publicity and larger attendances. It is worth while pointing out that this year approximately five hundred meetings were arranged for through the Schedule Man.

From my own observations I would say that the co-operation that has been forthcoming from clubs has been very good with but few exceptions. It seems regrettable, however, that a few should spoil an otherwise good record, but I would suggest that the best way to deal with those who fail to comply with regulations is through the Students' Court. Provision has been made in the Act for a penalty, and one prosecution might be sufficient to make the Schedule Man's work as congenial as it should be.

Mr. Kindt has suggested that the Union set aside a date for the Freshman Reception early in March to obviate the difficulty which was experienced this year. The new Freshman executive might will take this into consideration.

GLEE CLUB

Once again the Glee Club was fortunate in having as its leader, Mr. L. H. Nichols, to whose patience and enthusiasm the success of the club is largely due. Starting out with a very ambitious programme, the year was concluded in a similar manner in conjunction with the Orchestra. Appearances at the University Hospital and Lit. Night also featured their programme.

As yet the Glee Club, whether through custom or practice, consists only of male students, and it is a matter for consideration whether or not it might be advisable to extend the privileges of this club to the ladies also. I suggest that this be brought to the attention of the Council, because several enquiries have been directed to me along this channel.

It is pleasing to note that singing has been making such progress in recent years at the University, and I have no doubt but that with the acquisition of the Memorial Organ and the appointment of a permanent organist, further popularity will be added in the future.

ROOTERS' CLUB

It is without any misgiving whatsoever that I take this opportunity of complimenting the Rooters' Club executive for their excellent work of the year. Provision for the organization of cheers and rooting has always been a bugbear, but 1925-26 saw several steps forward in this club. This has only been accomplished by a tremendous amount of work and sincere effort on the part of those in charge.

During the summer vacation Jack Marshall, the president, compiled a large selection of songs and yells suitable for cheer sheets, and these were available, invariably free of charge at all games. It is particularly significant for me to note that nearly every club in the Union makes some mention in its report of the fine work of the Rooters' Club.

The effort made by the club to obtain a song which would be suitable as an official University song is to be highly commended. Such a song has long been talked about, but it was for the Rooters' Club of this year to make a step forward in attaining one. "Quaecumque Vera," as composed by Mr. Ewart Stutchbury, Law '24, was the song approved of by the club as the most suitable, but it yet remains for the Council to take further action should they see fit.

The efforts of the club have been further assisted by the C.O.T.C. band under Lieut. Cromarty. This has added considerably to the songs and cheering, and an endeavor might well be made to have similar provision in the future.

The question of representation of the Rooters' Club on the Council has been mooted considerably, but I am of the opinion that the provision now made will work out satisfactorily. To increase the Council any further by adding a member of the Rooters' Club, while it might increase the prestige of the club, would also lead to a demand from other clubs and groups which it would be impossible and undesirable to meet.

In regard to their budget, the doubts entertained early in the year that the amount allotted would be sufficient proved quite unfounded. I do believe, however, that this club should always be allowed a sufficient sum to provide on all occasions the necessary songs and cheer sheets free of charge.

STUDENTS' COUNCIL

With the establishment this year of regular weekly meetings, it was pleasing to note that attendance was quite good. Twenty meetings in all were held, but it was obvious from the first that one or two members were doomed to be the permanent delinquents. I have not much sympathy for any who have fallen short in this regard; I feel that in doing so they completely failed to realize the confidence that was put in them, and I am severe now because I hope this expression of opinion has a possibility of removing any delusions that might exist in this regard from prospective members.

On behalf of the Council I would convey our sincere appreciation to the Bursar's office. Mr. West and his staff duplicate to a great extent all work for the Union office on finances; in any other way, too, we have always found a willing hand when help was needed, and this has been keenly appreciated.

The work of the Council I will bring to your attention particularly include the following:

1. Recommendation that in future the Fire Chief be appointed by the House Committee.

2. Recommendation to the Committee on Student Affairs that the House Committee be represented thereof.

3. An investigation into the question of whether or not rules should be formulated requiring an academic standing for holders of Student Union offices. It is a pleasure to report that a thorough investigation and checking of scholastic standing revealed the fact that there was no need for any such regulation.

4. An investigation into Decorations. Owing to the lateness of the year, a complete report was impossible; it is suggested that the incoming Council further follow up this subject.

As mentioned elsewhere, doubts have been expressed as to whether or not the size of the present Council does not make it somewhat unwieldy. Regular meetings will overcome this, I believe; if, however, a reduction is felt necessary, it could be easily accomplished by omitting the following as councillors: Two representatives of the Men's Athletic Association, two representatives of the Literary Association, secretary of the Wauneita Society, and secretary of the Women's Athletic Association. This would still maintain a well proportioned representation, and the new Council might well consider this if they see fit.

Evergreen and Gold

1925-26 saw no slacking in the steady progress forward that has been made by the Yearbook in recent years. From a small 90-page annual three years ago, the book has now developed to a stage where 175 pages hardly begin to cover the material placed at its disposal.

Mr. Wilson, the Director, and several members of the staff have done excellent work on this year's publication, which represents a distinct improvement in many ways. I would like to feel I could include all members of the staff in my first remark, but being a criticism on the year's work that cannot be included in this report which is not so.

Mr. Wilson reports in part as follows:

1. That the same procedure has been followed with regard to the preliminary work of gathering the material as in the past, and found quite satisfactory.

2. That since pictures were taken by three local photographers, considerable extra and unnecessary work fell on the shoulders of the staff.

3. That this year the book was printed by a firm using the linotype machine, and that such printing is equal in quality to any in the past.

4. That advertising receipts this year will break all previous records, but that circulation fell considerably short.

At present it is impossible to include a financial statement, but there seems little doubt but that the Year Book will again show a neat surplus. This surplus will, of course, in accordance with the Report on Budgeting, be devoted towards a Year Book Reserve Fund, which is to be started.

Mr. Wilson closes his report by urging the necessity of the greatest care being taken in the selection of the staff. I would heartily endorse this suggestion, as from my own observations I am of the opinion it is too frequently left to a few. The work on this publication is very heavy, coming as it does largely at the conclusion of the term, and no student should announce his acceptance of any position on the staff unless he is fully prepared to conscientiously accept this responsibility.

That one or two members of the staff did not measure up to the confidence reposed in them is, I am sorry to say, my honest conclusion. While the cuts this year are a distinct improvement for clearness, and the photographs and printing are also of high quality, yet, mistakes have been made in proof reading which detract considerably from a publication of this quality. Had Mr. Wilson received the help that should have been forthcoming from some of the men members of the staff, such errors, minor as they are, would never have occurred.

As a result of the many difficulties experienced this year, and as a fitting conclusion to negotiations which have covered a considerable period, this year's staff at the conclusion of their term entered into arrangements with the Department of Extension, which it was hoped would lead to a solving of the difficulty. The Students' Union went on record as favoring this action, and it remains for the Department of Extension to make the necessary arrangements if they find it possible.

That the circulation did not attain previous totals this year is in a way difficult to explain. The number of students registered at the University has never been higher and on this assumption alone it seems previous records should be reasonably attained. Might I suggest the following as a means of overcoming duplication of effort in the circulation department:

The circulation manager would do well to have at hand a complete list of every member of the Union, and keeping in close touch with his agents, can thus ascertain at a glance who remains unsold. This brings the circulation staff in immediate touch with every student, and is, I believe, the best method by which the maximum sale of copies can be assured.

It might also be well always to remember that there are many members of the staff who look forward to their copies, some 30 or 40 in number, but unless canvassed, it can hardly be expected to obtain these sales. I say this not by way of criticism, but by way of guidance for the future.

The Students' Union

What would have otherwise been a year of quiet but steady progress was sadly marred by the loss of our Chancellor, the Honorable Mr. Justice Stuart. Any few words I might say here cannot in any way begin to measure the esteem in which he was held by all. It is sufficient to say that a chair has been left vacant at the University which is a loss, not only to us here, but also to both the Province and Dominion, and one which it will be impossible to fill.

But five general meetings of the Union were held this term, and this was due to the fact that business of sufficient importance was not available. This means either that the year was a quiet one, or that the Council dealt with the problems as they occurred. I believe the situation savours more of the former. Meetings were not on all occasions as well attended as they should have been, and this is disappointing to some extent; it is significant, however, to point out that morning meetings were always well attended, while it was at 4:30 that fewer showed their interest. It is difficult, indeed, for many students to attend a 4:30 meeting, and unless the Council can make suitable arrangements next term it cannot be expected that any fuller measure of success will be met with.

The Covered Rink scheme was one of major importance, and is dealt with elsewhere. The completion of arrangements with the Department of Extension has considerable possibilities, but is subject to the stipulation that it remains for the department to see whether or not it is practical from their point of view. After a hectic and zig-zag course a permanent Graduation Pin can finally be boasted of. That a decision on this subject was not arrived at sooner was, I believe, largely attributable to the most unpractical method on which the committee was originally appointed. I have nothing but the highest commendation to offer those of the original committee for their time and patience in endeavoring to serve under such an awkward arrangement.

The Budgeting System Report was very complete and is dealt with elsewhere throughout the various organizations. That the students should express themselves as they did on the question of a difference in academic fees, and so unanimously, is significant to the extent that they felt quite keenly about it. Despite the honest business purpose behind this difference in fees on the part of the University, I cannot but feel it does, in fact, tend to create a difference between resident and non-resident students which is not desirable.

There are one or two matters concerning discipline which it will not be out of place for me to mention here. Might I first refer to the Medical-Science feud. The conduct of some students in deliberately damaging property and breaking windows was most disgusting. I cannot conceive how any thinking person could drag a fire hose running with water across a floor in the Medical Building, the architecture of which has a continental reputation. Surely it is a kindergarten deduction that water spilled on the floor in such quantities goes through and destroys the ceiling below. I would not be misinterpreted, for surely there is no harm, and in fact it may be desirable, that such feuds should persist provided the good feeling always prevails; but if such sport cannot be conducted on a less destructive basis it might be well to consider entire abolishment.

Interference with fire hose, it seems, is a common occurrence and one which cannot be expected to be treated lightly. For purposes of insurance such strict regulations are necessary, and every student might will remember it is the intention of the authorities to fully enforce them. I feel quite confident that if this was fully realized by every student, the difficulty would be overcome at once; if it is not, I am afraid fines and even perhaps suspension will finally be resorted to to stamp out this dangerous practice.

While not coming strictly within the field of the Students' Union, I feel it would be in place here to recommend something I have heard discussed considerably by the students. Could the University authorities see their way to make an arrangement whereby a barber shop could be established which would provide accommodation for both men and women students, it would be a tremendous convenience to the students themselves and desirable, perhaps, from other points of view also. Further, the present system of handling mail does not seem to meet with very much satisfaction. Many have expressed to me the belief that if a box system was introduced it would meet with a great deal of support. I too hold this opinion, and further believe it could be made a profitable source of revenue to the University.

One question which has been discussed to some extent both informally and through The Gateway, is that of our present system of student government. It would make a good subject of investigation for next year, for there are many debatable points in our present arrangement. "Is the Union becoming a mere ratifying body of the Council?" is a question that is commonly asked. Interwoven with such discussion the question arises concerning the present size of the Council. In dealing with the first of these, I believe it must be answered in the negative. The interest manifested in elections clearly shows that although interest to some extent may become lax during the term, that every effort is made by the students to place in office those who enjoy their confidence. Might I recommend the following:

1. That all business of the Union be advertised as fully as possible for a reasonable period before the meeting.

2. That an endeavor be made to obtain more morning meetings.

3. That a few of the students who do so much talking in the halls be coaxed as far as possible so that they will do some of it at least at the meetings; this, I believe, would prevent such wrong opinions on given questions being circulated as frequently as they are now.

DRAMATIC SOCIETY

It is with many misgivings that I endeavor to any extent to report upon the activities of the Dramatic Society. Not because it would not afford me considerable pleasure, but rather because it is a branch of the Union which I have initially been least acquainted with, while added to this is the regrettable fact that no report of any nature whatsoever has been forthcoming for the term. Under such circumstances it is impossible for me to make a report in any way complete, while any compliments I would like to have paid have been considerably dampened by the time I spent in endeavouring to obtain such report.

From my own observations, however casual they may be, might I report the following:

1. That the plays this year were of a standard which has seldom been surpassed. To those who accepted parts, under the circumstances, great credit is due; it was only at the last minute that the original selection was found impossible to obtain, and this cast a burden on those accepting parts which was met in a most commendable manner.

2. That the practice of holding the plays on two different nights is not a sound one, to a limited extent I have long been convinced. It not only fails to justify itself financially, but also it detracts from [illegible] aspects of equal importance.

3. That the care which has been accorded the equipment of this Society has been anything but commendable. A visit behind the stage a week after the plays revealed to me expensive equipment distributed about in a most promiscuous manner. I feel sure it was never intended in the budgetary appropriation that money being directed towards dramatic equipment should be so loosely handled as this.

What the Dramatic Society would be without the most able coaching of Professor Adam I do not know. Each year Mr. Adam faithfully devotes his time and energy towards the training of the caste, and the success of the play as a dramatic presentation was this year again due entirely to his efforts.

It is the business methods employed by some members of the executive that I take strong exception to. To find outstanding accounts a month or two in arrears finding their way into the Union office most accidentally is anything but encouraging to those who are in the last analysis held responsible for the expenditure of all monies. I sincerely hope that next year will be favored with improved business conditions in the operation of this club.

THE COMMON ROOM COMMITTEE

One committee under the Union whose duties are quiet, but nevertheless onerous, is the Common Room Committee. The year has again been experienced with the always perennial stumbling block—namely, coats and hats in the Common Room always piled ceiling high. The new strip placed along the lower hall was a great help, and it seems now that it will be for the students to utilize it.

Mr. Laverty, the outgoing chairman, suggests the following:

1. That the Senior Class be appealed to for aid in the enforcement of regulations.

2. That a stationary table and chairs might well be placed in the men's Common Room.

3. That it might be well to have the regulations and work of the committee well advertised during the term, and that any infringement of the regulations be treated rather with harshness than with leniency.

From my own observations, I believe the Committee has worked most efficiently. The bulletin boards have been kept in excellent condition, though some clubs, it seems, were permitted to use oversize signs on perhaps too many occasions. Unless further bulletin-board accommodation can be obtained, it is necessary that the above regulation be strictly enforced.

One practice of the past, as far back as I can remember, and one that I am convinced should be terminated, is that of the Committee itself levying funds on students for violation of their regulations. I do not criticise past committees for doing this, for they have no doubt thought it within their authority, but the contrary state of affairs exists. No student organization other than the Court has any power to levy funds, and I believe the same, if not a better result could be obtained by the committee itself laying information in the Court, such case to be tried in the Magistrate division.

The Rugby Club

Several years of concentrated effort on developing material at last bore fruit this term, when our boys for the first time in several years captured the provincial championship. Great credit is due the team for buckling into a severe training period, short as it is, and for carrying through to such a spectacular finish. Jimmie Bill was again on the job, and we are deeply indebted to him for the skilful manner in which the team was handled. Rugby is fast becoming one of our most popular sports, as evidenced by the fact that nearly one hundred students took part. Keen interest, however, is necessary to justify the Union's expenditure on this sport, when it is remembered the season is so short and the budget usually $500. The very heavy depreciation on rugby equipment means that seldom can less than the above sum be appropriated.

Before quoting from Mr. Gale's report, might I take this opportunity of congratulating him on the most efficient manner in which he managed the club. I can sincerely say that never have I seen any more business-like methods employed in "putting a game over" than he used, and the large attendance forthcoming from overtown people was mainly due to this. It is remarkable too how equipment has been kept check on, and but little will be lost when the term has concluded.

Mr. Gale's report includes the following remarks:

1. That the Varsity team was fortunate indeed to be able to arrange its schedule so favorably last fall.

2. That it is absolutely essential to commence training very early in the term; that it would even be advisable to arrange that members of the senior team be brought back to train at least a week before the fall term begins, such extra expenses to be defrayed from an allowance in the rugby budget.

3. That to keep a check on interfaculty equipment, that same should be checked-in after each game, and subsequently issued to the team needing it.

This entails considerable extra work, but Mr. Gale feels it is essential.

4. That the Rooters' Club was of inestimable assistance to the rugby enthusiasts.

5. That expenses on two trips to Calgary averaged $16.00 per man per trip.

It is only number two (above) of Mr. Gale's recommendations that I am at any variance with. I would question very seriously if under our present organization the Union is in a position that it can afford to budget money for the purpose of pre-term training. With rugby equipment so expensive, the training season so short, and the budget already half a thousand dollars, it does hardly seem possible. Could not some plan be evolved which would permit the players to condition themselves before they arrived? From the spirit which I know characterizes our athletes I am quite confident that, if practical, such an arrangement would meet with sincere effort.

Turning to interfaculty rugby, this season was also one of unprecedented success. The new policy of divorcing this group from the senior team proved wholly justifiable, while additional equipment aided the management considerably. There is still much to be desired, however, in this regard.

Mr. Osterland's suggestion to the effect that provision be made in the rugby budget for a cut of the winning team is a sound one.

I would add nothing further other than that everything should be done to encourage the interfactulty league. It is only through such a medium providing constant training of new material that we can ever expect to always have a team of senior calibre.

MEN'S ATHLETIC ASSOCIATION

This association, under the "scientific" eye of their President, Cliff Osterland, has enjoyed a most successful year. It has often been remarked in the past two years that Varsity athletics have been in the rebuilding stage; without a doubt this has been so, but the term closing saw that stage developed so far that once again we may class our teams with the championship ones.

Not one of our teams was at any time outclassed in any competitions, and considering the number of clubs in the association this in itself speaks highly of our sports. It is clear beyond a doubt that our association is one of the strongest bodies of its kind in the province.

That our athletic activities have met with such success is in no small measure due to the work of the executive. I cannot speak too highly of the Council representatives. Contrary to what has been evident too often in the past, I was pleased to note a most impartial attitude adopted on all questions, whether or not it might partly be to their own detriment. I am convinced it is only such harmony that will preserve the proper balance and relation that should exist between the association and all other clubs in the union.

TENNIS CLUB

The shortness of the playing season in this sport greatly handicaps any extensive degree of success in this club.

For the first time Alberta sent a team to compete against Saskatchewan, and only lost out after a desperate struggle. It was, however, quite lamentable to find later on that the team was not official because of failing to comply with regulations. This experience only goes to show that it is difficult to exercise too much supervision or be too careful.

The local tournament was a great success, though hampered towards the conclusion by a fall of snow.

I am in perfect accord with the recommendation concerning this club in the budgeting system report; namely, that its activities be limited to intra-university competition. I am convinced that rather than spend money in sending a team of four away, it might be put to much better use by conditioning the courts. The playing surface has not, in the past, been very good, and to me it seems foolish that a team should be travelling when conditions are such at home.

The club has been capably managed under the leadership of its President, Jack Gerrie, as was seen by the early and efficient manner in which the tournament was handled.

The Track Club

Track illustrates another example of a sport which we carry under difficulty owing to the shortness of the season.

The interfactulay meet was "bigger and better than ever," and the new method of combining faculties worked well, making competition considerably more keen.

The annual intercollegiate meet was held at Winnipeg under somewhat adverse weather conditions, but despite this our team did quite well. "Aubs" Bright was again to the fore, and is truly entitled to be known as the giant of the meet.

Mr. Bright reports that two extreme difficulties exist:

1. Shortness of training. This can only be overcome by prospective competitors training during the summer.

2. Lack of coaching. This is a paramount drawback, as finances are such as to preclude the team engaging a coach. Mr. Osterland suggests that the President of the University be interviewed with the object in view of obtaining some assistance in this regard.

BASKETBALL CLUB

A very complete report on the activities of this club was submitted by its president, C. K. Muir. These activities can be conveniently classified as Senior, Intermediate, and House League.

Provincial entries were made in both the senior and intermediate divisions, and although no championships were brought home, it would indeed be pessimistic to think basketball is on the decline. The senior's win over the University of Saskatchewan was one which will long be remembered as a game replete with thrills and only the awkwardness of the W.C.I.A.U. arrangement perhaps precluded our team from a Western University championship. Jimmie Bill, our coach of long standing, was again at the helm, and again I would extend our appreciation of his faithful efforts.

The Intermediates, under Syd. Stephens, came within a hair's breadth of annexing the city play-off series, and show promise of some very likely senior material for next year.

House League Basketball was very popular, nearly ninety students participating. It should be encouraged to the fullest extent, as it is through this medium that a senior team is built up. In the general interests of this branch of basketball, Mr. Osterland suggests the following:

1. That the budget should include provision for a cut for this club in the year book.

2. That house league schedules be made much more rigorous. The current practice of the past in postponing games for petty excuses should be strongly discouraged.

These two suggestions seem very practical ones.

In concluding his report, Mr. Muir further calls attention to the following:

1. That it is difficult to secure sufficient hours in the gymnasium for carrying on House League games. This brings forward the long-felt need for a new gymnasium.

2. That in the meantime the difficulty mentioned above might be partly overcome if new arrangements could be made for physiculture classes, that every day from 4:30 p.m. might be available for practising hours.

3. That the intermediate team should be accommodated by the Union with uniforms.

4. That the present arrangement re basketball under the W.C.I.A.U. is most unsatisfactory, and should be adjusted as soon as possible.

HOCKEY CLUB

The financial success of this club has been mentioned elsewhere, and in calling your attention to the scope of this sport it will be convenient to deal individually with the senior and inter-faculty branches.

Under the enthusiastic coaching of "Doc" Hardy and financial guidance of "Bill" Whittaker, a new team is being built up, and one which holds good prospects for next term. No championships were brought to our halls, but the Varsity boys were never outclassed, losing several contests in a most hectic finish.

As in previous years, the ice problem was again acute, and more than ever it is becoming evident that we can never expect to carry on this sport successfully unless rink accommodation is nearby. I am very optimistic indeed concerning the soundness of this project from every viewpoint. A good brand of amateur hockey in this city has tremendous possibilities, despite professionalism. The attendance and receipts this year thoroughly exemplifies the validity of this statement.

Mr. Whittaker includes in his report mention of the following:

1. That a new set of sweaters was purchased this term.

2. Four members of the team were selected for the All-Star aggregation which played against Calgary.

3. That six first-class "A's" and two second-class "A's" were awarded.

4. That provision should be made next term to play a home-and-home series against Saskatchewan.

Interfaculty hockey, despite misfortunes met with poor ice conditions, enjoyed a uniformly successful season. Four teams composed the league, and as each team carried about ten players, a large number benefitted.

Mr. Osterland calls attention to what I consider an evil which should be remedied. The schedule is far too lax, postponements being made on the slightest pretext. This practice cannot lead to anything but disorganization and divided interest. I would suggest that a schedule be carefully drafted early in the season, and be strictly adhered to. Provision might also be made in the budget for a cut in the Year Book of the successful team.

The Soccer Club

That soccer has declined to such an extent in recent years is, I believe, largely attributable to the fast gaining popularity and interest in rugby; the latter meets with considerably greater favour. Everything was against the club in the game with Saskatchewan, and the poor weather conditions produced a dismal financial failure.

It has been recommended that this club's activities be confined to local competition until such a time as greater interest is indicated. This seems quite sound. With inter-faculty rugby as popular as it is, I am of the opinion it will be difficult to successfully conduct interfaculty soccer. There are, however, no small few still keen soccer enthusiasts and the club is certainly worthy of every support and encouragement that can be given it locally.

SWIMMING CLUB

Mr. Waldo, President of the club, submitted a report which was fraught with lamentations. I am afraid he has failed to realize that there are other sports which are both more popular and practical which the Union feels should be supported in preference.

Amongst other things he mentions as follows:

1. That the club is greatly handicapped by the lack of a really good pool either at the University or nearby.

2. That a further handicap existed in the apparent aversion of the Students' Council to granting even small financial aid to the athletic associations that have not been long established within the University.

3. That three meets, namely, with the U.B.C., U. of Sask., and Banff Winter Carnival could not be participated in because of the "Scotchness" of the Council as mentioned above.

4. That it is to be hoped some day the swimmers of the U. of A. will get some backing.

Dealing with these in turn, I would say the first is quite obvious; that in regard to the second a report on the budgeting system unanimously adopted by the Union advocated that swimming be confined to intra-university competition only—that is its present status; that in reference to the third, it also was covered in the budgeting report as mentioned above. I might, however, add that the Debating Society was precluded from travelling to Minnesota, that the Rugby team were precluded from travelling to Regina, and that a delegate was not sent to Toronto to the National Union of Students' Conference for reasons equally as obvious as those the Swimming Club complains of.

I am of the opinion that Union money can be better spent in the interests of all students than by sending a team of two or three to B.C. or vice versa. The sooner it is realized that all sports cannot be subsidized to the same extent under our present fee the better. The largest sums of money should be directed where most will benefit, and taking this as a basic principle I cannot see but that the Swimming Club, despite the fact that it is one of our youngest clubs, is in anything but a most favorable position under present circumstances.

In reference to the President's last-named lamentation (number four), I am optimistic enough to believe that the present has a reasonable opportunity and justification for being interpreted as the "some day" referred to.

COVERED RINK

The Covered Rink project may be regarded safely as one of the biggest endeavours the students themselves have ever undertaken. Starting the term with but six hundred dollars in the fund, this year has seen it grow to over one thousand dollars; of this amount it is a pleasure to notice that a considerable part of it came voluntarily from the various student organizations, and I would take this opportunity on behalf of the committee of again extending our appreciation to the organizations.

That such advances have been made has been largely attributable to the work and enterprise of Dr. Hardy, chairman of the committee. To Dr. Alexander and Professors Burgess and Morrison, Mr. West and Mr. Hiron, I would also extend our earnest appreciation. Since the inception of the project Mr. Burgess has worked quietly and faithfully on our plans, and to him I feel we are particularly indebted.

The need for a Covered Rink has long been acute, and in endeavoring to provide for one as soon as possible the committee, in considering sources of revenue, discussed the following:

1. Gift by province or University.
2. Popular subscription.
3. Alumni Association.
4. Increasing Students' Union fees.

For obvious reasons, it was unanimously felt that the only immediate possible way to obtain a rink would be by a direct levy on students. A report on this basis was submitted to the Council, and acting on this report the Council made its recommendation to the Union. The response that was forthcoming from the students was most encouraging, the committee's recommendations were adopted in toto, and it was empowered to petition the Board of Governors. I have every reason to believe that if it is at all possible to get the necessary advances the rink will become a reality.

As long as we have no rink here, we are carrying on our national pastime under the most difficult conditions. Heavy expenditures for practice hours must be met, considerable hockey revenue is being lost, our practice hours are too short, and further, the distance from the University is such that both students and spectators lose both time and enthusiasm.

A complete self-explanatory report on the project is attached, which goes quite fully into every phase of the scheme.

Boxing and Wrestling

This club enjoyed one of its most successful years, and the increased number taking part is further evidence of the increasing popularity of this sport. The gymnasium is now fully equipped with a regulation ring, light and heavy punching bags of all kinds, weights, expanders, Swede bars, etc. It is a credit to the Union, and Stan Barker, President of the Club, is to be congratulated on the aggressive manner in which he "puts the club over".

Varsity was most creditably represented in all city and provincial tournaments; while the Varsity tournament itself was a huge success. Competent coaching was evident, and well justified the expenditure incurred.

Extracts from the President's report include:

1. That it is essential to get an early start in training.

2. That the practice of devoting the latter half of each training period to straight physical training for both boxers and wrestlers has proven very satisfactory and should be continued.

3. That the advantages of outdoor training is to be seen in the splendid condition and "wind" of the Varsity boxers in the recent provincial tournament.

4. That having a combined boxing and wrestling tournament in the same evening is not desirable; two evenings should be devoted, that a sufficient number of candidates can be accommodated in the increased number of competitions run off.

It is only the last suggestion which I hesitate to disagree with. It should only be resorted to if necessary. I believe, for the financial success of a two-day tournament, such a procedure would be questionable. The sport is fast gaining great favor and with a continuance of the aggressive management it has had in the past, should expand to even a larger degree.

Students' Union Finances

The term 1925-26 witnessed one of the most successful financial years in the history of the Union. Starting the year with a surplus slightly over $100, the term concluded with a balance of approximately $850; in addition to this the net proceeds of the Imperial debate, amounting to $366.35, were turned over to the Covered Rink Fund. I would not ask you to judge the success of the year financially by this surplus unless it it kept in mind that all clubs received sufficient money to carry on successfully; no club solicited funds from the Council without their being granted them.

That the year has been such a success is due in a considerable measure to the heavy revenue recorded in some of our clubs from games. Rugby and hockey particularly were extremely fortunate.

The term also was marked by the second year of operations of what has now come to be known as the Students' Union Account System; several changes were made in this system, following last year's experience, as we recommended in a report on the system which your executive undertook early in the fall. I cannot speak too highly in this regard of our Accountant, Mr. R. Adams. That such success has attended the system has been in no small measure due to his efforts, for it is indeed a difficult position to fill. To Mr. Ernie Wilson, too, I would extend my earnest appreciation of his work. I can sincerely say that I have never felt it necessary during the year in any way to interfere with the working of the system, as everything has always been conducted in a most efficient and businesslike manner.

Several changes brought about by the Report on the Budgeting System are worthy of note:

1. In future a Students' Union Administrative Fund independent of the general fund will be budgeted upon. This is a distinct improvement as it puts the general expenses of the Council on a similar basis to the budgets of other clubs.

2. The establishment of reserve funds both in The Gateway and Evergreen and Gold was, I believe, a most advisable step. The operations of the Year Book financially are particularly elastic, because of the fact that the size, quality, etc., of the book must be planned a considerable time before any advertising receipts are available and also before the circulation is known. This means that it would be a very easy thing for this publication to suffer a heavy loss if expectations in revenue were not fulfilled. The establishment of the reserve fund out of accumulated surpluses will be a sufficient provision against such misfortune having to be borne entirely by one year should it occur.

Turning now to the system itself, it will be convenient to discuss changes made in the system as they occur, together with any recommendations:

Order Forms.—This year a few minor changes were made in the type of form used and they are found very satisfactory. It is regrettable that some clubs still insist on making purchases before taking out the necessary forms; fortunately these are few, and I believe the only way to eradicate such practices would be for the Treasurer to report bi-monthly to the Council any such occurrences, the Council to take strong action. It has also been suggested that a letter be sent to all merchants where purchases are made by the clubs requesting that they charge no goods to University clubs unless the necessary order form is forthcoming; this, too, would help considerably.

Mr. Adams, the Accountant, reported considerable difficulty in the proper handling of bills; it does not seem to be clear as to whom they should be sent to directly, and his suggestion that all bills be sent directly to the Accountant at the Students' Union office, to be readdressed by him, if necessary, is a sound one.

Paying Requisitions. — The system was considerably simplified this year by the fact that the major club official was fully empowered to authorize all payments. This, it seems to me, was quite logical, and has removed the criticism of our system being cumbersome which was heard in the past.

Tickets and Gate Receipts.—It is in this field of the system that great progress has been made. The Union now has entire check on all tickets issued and gate receipts. Some clubs have been rather delinquent in their complimentary lists, and this has made the work of the office considerably harder. Clubs should also remember that the Accountant is not expected to sell tickets and take tickets at the same time, as some seem to expect. This is not only unpractical, but is most unbusinesslike. No accounts should, under any circumstances, be ever paid out of gate receipts, as this prevents the Union's financial statement from being the true record of the business of the clubs for the year. The Accountant further reported that in some cases clubs did not turn in to this office guarantees received for games. This should always be done.

It will not be unappropriate here for me also to make mention of the fact that no transfers should ever be made from a minor club to the general fund of the major club unless all outstanding accounts of that club have been paid. If this is done it means that a true statement of the minor club's affairs is not available even in the Union books. The onus of seeing to it that such transfers do not occur, I would suggest, should be on the Treasurer, since he is responsible entirely for finances to the Council. That some clubs make it difficult in other ways also for the Union to be managed properly is evident when we find accounts coming in to the office of which we have no record whatever, perhaps even three months after such expenditure has been contracted. These occurrences were few, but as they are most detrimental to the success of the system I would suggest that strong action be taken whenever they are discovered. The Students' Court Act, Part II, Section 1, subsection 3, might well be made use of in such cases. The compiling of a true financial statement would also be greatly facilitated by clubs turning in all outstanding bills before the end of March. The amount of unnecessary work that falls to the lot of the Treasurer because a few persist in not carrying this through is very heavy.

The Gateway.—It is in reference to The Gateway that the most radical changes in the system are necessary. The present system as far as the Accountant is concerned gives us at any time an excellent retrospect of the exact amount of advertising, cost of issue, cuts, etc., of the paper, but it lacks the audit which it has in all other clubs of the Union. I have previously mentioned in a report on The Gateway how this difficulty should be overcome.

The Gateway has been the major offender in the practice of making purchases without first taking out order forms. This should be entirely discontinued. The Accountant also suggests that the printer should be instructed to set up the advertisements according to contracts, for if this is not done it is not possible for the Accountant to make an accurate report of the net cost of each issue. It is only by an improvement in the system of issuing receipts so that the Accountant can obtain all his information by receipts which would give the necessary audit provided all receipt numbers were entered in The Gateway books. (See Gateway Report.)

Equipment.—It is important to estimate the amount of money that the Union saves annually by the system in vogue of handling equipment through the Accountant. In my mind it would be conservative to say that it amounts to several hundreds of dollars. Accommodation for the storage of equipment has also been obtained from the University authorities, and the Accountant has seen to it that such equipment was properly itemised and safely stored away. Some improvement will have to be made in the method of handling interfaculty rugby equipment; present difficulties arise because of the insufficiency of uniforms to accommodate everybody and they have to be handled many times. The Accountant recommends that the manager of the rugby team appoint an assistant to be responsible for such equipment.

I have previously lamented the manner in which the dramatic equipment has been cared for. This club has spent several hundreds of dollars on equipment in the past three years, and it is to be regretted that the appropriations granted them by the Union for this purpose were not better appreciated. Perhaps a refusal of a few requests for duplication of such equipment would have the necessary effect.

Taken in general, the system has an inestimable value in that it places the Students' Union on sound business principles. It also makes possible the more equitable distribution of funds through the budgets, because accurate records are always available for perusal. The extent to which these have been used this year is tremendous; I can safely say that it would have been impossible to have made such a thorough report on our budgeting system as the committee did unless the figures of the Accountant's books were available. Not very many changes in the system are being recommended for next year. I feel the system has attained a degree of perfection adaptable to our organization of student government, which is very high, and I have every confidence that an adherence to the principles on which it is now established will always keep the Union finances on the basis they should be.

WOMEN'S ATHLETIC ASSOCIATION

In a careful report covering the year's activities, Miss McNichol called attention to many of our present deficiencies.

As in past years, the Association is again deeply indebted to Miss Misener for her counsel and help during the year. Jimmie Bill was again much in evidence as coach of the basketball team, and while the girls were not successful in the Provincial series, the bringing back of the Race Cup was a feat worthy of note.

Miss McNichol reports that the finances of the club have been so low as to handicap the clubs to a considerable extent. She further suggests: "That so long as the present system of budgeting is in vogue the Women's Athletic Association do not estimate their budget on a minimum of expenditure, because when a cut is taken, as seems to be the rule in all the clubs, it is practically impossible to carry out the full programme of the year without securing further grants from the Council, and that I do not consider good policy, as it seems to point to lack of foresight on the part of club officials."

I would suggest that the women are to be complimented for the efficient manner in which they bring in their budget, and that rather the Council make the necessary adjustments on the other budgets in preference to the ladies changing their system.

Miss McNichol further points out:

1. That the formation of the Social Directorate has aided very materially the entertainment of visiting teams.

2. That the Rooters' Club have been of considerable help, especially in the realms of basketball and hockey.

3. That an endeavor should be made to secure a coach for the junior basketball teams.

4. That the inability to obtain sufficient hours at the South Side Rink is a handicap which can only be overcome by the construction of a covered rink here at the University.

It appears that in some cases the ranks of a team have been somewhat depleted due to the regulations in regard to scholastic standing. Miss McNichol asks that some arrangements be made to overcome this, but I am of the opinion that the only remedy which can be logically suggested is that the individuals concerned do their best to keep their standing so that it will meet with the approval of the Committee which enforces regulations which have long been recognized as being necessary.

University Orchestra

That the efforts of the Orchestra during the past year have met with an unqualified measure of success is evident from the demands that have been made on their time. Mrs. J. B. Carmichael again consented to lead the Orchestra, and on behalf of the Union I would again extend our earnest appreciation of her efforts. I only repeat the word of the President of the Orchestra, Mr. D. Roxburgh, when I say to her all credit is due for the splendid advancement made.

Regularly evey week an attendance of between 35 and 40 members have turned out to practices. Public appearances were made during the year on the following occasions: Graduate Play, Inter-Varsity Debate, Inter-Year plays, Undergraduate Play and the Lit. Musical Evening. Two successful programmes were also put on at the University Hospital Hut, while by way of innovation in conjunction with the Glee Club a programme was broadcasted through arrangements made with the Department of Extension and the Edmonton Journal.

Owing to shortness of space three reports —Freshman Class Organization, Initiation, The Gateway—have been held over, and will appear with the first issue next fall.

EXAMINATION RESULTS

(Continued from Page Two)

ENGLISH 52

Class I: Miss Sherlock.
Class II: Miss McAlpine; J. Harris; Dickson; Miss McQueen; Barclay and Miss C. Craig, equal; Miss E. Butler; Hargrave and Jewitt, equal; C. M. Laverty; Miss Nix.
Class III: Miss Edwards and Miss Nichols, equal; J. McCallum, Miss Bell and Clement and Hinke, equal; G. Begg and Miss Parmelee and Miss Thrasher, equal; L. Newhouse.

ENGLISH 53

Class I: Dickson; Trout.
Class II: Miss Austin and D. MacKenzie, equal; Miss Cobb and Harris, equal; Miss Craig; Deeprose; Miss Robinson; Miss Butler; Miss Hinke; Miss I. Smith; French; Harrison.
Class III: Oke; Horne and Miss Secord and Miss Williams, equal.

ENGLISH 57

Class I: Hargrave.
Class II: Miss McAlpine.
Class III: Miss Barclay; Miss Kiteley; K. MacKenzie; Miss Taylor.

ENGLISH 62

Class II: Harris; Miss Butler; Dickson; Miss C. Craig; Miss Taylor.
Class III: Miss Hinke; Miss Moorhouse; Miss Secord.

ENGLISH 109

ClassI: Hargrave; Miss Barclay and Miss McAlpine and Miss Sherlock, equal.

ENTOMOLOGY 61

Class II: Barnett; Tinkham; Dunn; Chambers; Allin.
Class III: Halperin; Crang and Thomson, equal; Trowbridge; Brynildsen; Madill; Leek and Richardson, equal.

GREEK 1
Class I: Fountain; Miss Hayward; Miss Gold; Chappelle and McInnes, equal.
Class II: Miss Secord; Oultram; Hinchey; Wedman; Miss G. Smith; Miss Sudre; McDannold and Sieber, equal.

GREEK 2-4
Class I: Caspar.
Class II: Pekarsky; Miss W. Coone.
Class III: Miss Borden.

GREEK 51
Class I: Miss Manson.
Class II: Miss Caspar; Klinck.

GREEK 101
Class I: Miss Manson.
Class II: Klinck.

HISTORY 1
Class I: Miss Ballard.
Class II: Miss Chittick; Miss Juhlin; Miss Margolus and Morrissey, equal; Miss Roseborough; Chard and Parlee, equal; J. M. Bentley and Cushing and Davis, equal; Waite.
Class III: Cram and G. W. MacKay and Miss J. MacNab, equal; Monaghan; Marion; Miss F. McDonald; Cohen and Miss H. M. Ross, equal; McLurg; F. Blais and Miss Jean Campbell and Miss G. Fry and Geissinger and Miss L. Rowell, equal; Freifeld and Miskew and Osborne, equal; Miss H. M. Johnson and Ostry and Sieber, equal; F. A. Bentley and Miss McBain and Miss M. McDonald and Miss L. Roach, equal; Donald and C. R. Smith, equal; Forman and Miss Irene Johnston and Leier and Teviotdale, equal; Woods; Miss Magoon and Miss Norris and Oultram, equal.

HISTORY 2
Class I: Trout; Miss Mary Grant and Halton, equal; Cornwall.
Class II: Antrobus and Miss Gilhooly and Perrie and Sweeney, equal; Miss Frost; Miss Hunt; G. F. Barclay and Miss McLaggan, equal; Miss D. Hamilton and Miss A. Watt, equal; Miss M. Jacksonn and Miss O'Donnell ,equal.
Class III: Miss Robinson; Miss E. Moffat and Parker, equal; Campbell; Miss K. Burgess and D. L. McCallum, equal.

HISTORY 3
Class I: Stanley.
Class II: Miss Werthenbach; N. Chappel; Wershof; Harris.
Class III: Shabaz; Pyrcz; Perrie; Brushett; A. W. Hobbs; Miss Corneille and Miss D. Hill, equal; Miss E. Robinson; D. Morrison; Davies.

HISTORY 53
Class I: Miss Houston; Edwards; Miss Cobb and Miss Torgerson, equal; Miss Farmer and Miss Gimby and Miss O. Thomson, equal.
Class II: Miss Bell; Miss I. Cumming; Williams; Miss McNeil; Miss B. Williams.

HISTORY 57
Class I: Martland; Trout; Miss Gimby; Watson; Matheson; Miss Cobb.
Class II: Stuart; Miss I. Cumming; D. P. McDonald; D. Morrison and Scarborough, equal; Miss M. Adam and Edwards, equal.
Class III: Miss Werthenbach; Auxier; G. Begg and Miss Corneille, equal.

HISTORY 58
Class II: Miss Adam and Killen, equal; Scarborough.
Class III: Miss Keir; M. G. McCallum; Miss Austin and Miss Stewart, equal; G. Begg and Carlson, equal; D. Morrison; Oke, Downey and Lefsrud; equal; Miss F. Bell.

HISTORY 102
Class I: Miss Cobb; Miss I. Cumming; Miss Adam and Miss Sorenson and Trout, equal; Miss Gimby; Miss D. Werthenbach.
Class II: Miss Rudolph.

HEBREW 51
Class I: Killen.

HEBREW 52
Class I: Stade.
Class II: Deeprose.

HOUSEHOLD EC. 1
Class I: Miss MacFarlane.
Class II: Miss I. Miller and Miss Milne and Miss Russel, equal; Miss Mayhew and Miss B. Williams, equal; Miss R. Brown; Miss Aylesworth and Miss Tredway and Miss D. Young, equal; Miss Griffith.

HOUSEHOLD EC. 3
Class I: Miss Brown and Miss Miller, equal.
Class II: Miss MacFarlane; Miss Milne; Miss Begg; Miss Graham; Miss Mayhew; Miss Aylesworth; Miss Tredway; Miss Griffith.

HOUSEHOLD EC. 51
Class I: Miss McNichol; Miss Nix; Miss Miller.
Class II: Miss Moorhouse; Miss McCray and Miss Taylor, equal; Miss Calhoun; Miss Roberts; Miss Holmes; Miss K. Reed; Miss Gazley and Miss Russell, equal.
Class III: Miss Bossenberry.

HOUSEHOLD EC. 52
Class II: Miss Torogerson; Miss Boyle; Miss McCallum; Miss Russell.
Class III: Miss De Silva and Miss Wood, equal.

HOUSEHOLD EC. 55
Class I: Miss Race.
Class II: Miss Fanning.
Class III: Miss Deane and Miss Young, equal; Miss Osborne.

HOUSEHOLD EC. 56
Class I: Miss Gratz; Miss Race.
Class II: Miss Moyle.

HOUSEHOLD EC. 57
Class I: Miss Gratz.
Class II: Miss Moyle; Miss Bard.
Class III: Miss Folkins.

HOUSEHOLD EC. 58
Class I: Miss Gratz; Miss Moyle.
Class II: Miss Bard; Miss Folkins.

LATIN A
Class I: Fountain and Robinson, equal; Barclay and Miss G. Fry, equal; Whidden; Miss R. Brown and Carson, equal; Boyce and Miss Cipperley, equal; Hart and O'Brien, equal.
Class II: Kluck; Miss Crawford and Wasson, equal; Miss Campbell and Miss Griffith and Miss Isobel Johnstone and Springbett, equal; Chard and Fraser and Miss Frost and Miss Irene Johnston and Miss Salmon, equal; Cutsungavich and Ostry and Teviotdale, equal; Miss A. G. Thompson, Miss R. W. Thompson and Fuog, equal; F. A. Bentley and Pyrcz, equal; W. Jones and McDougall, equal; Ricker; Svekla; Murphy and W. Scott, equal; Miss Stade; Beach and Monaghan, equal; Miss Esch and Miss Moffat and Pauls and Wright, equal; Dewer and Hofbauer and McQuillan and Stanley and Taylor and Vickers, equal.

LATIN 1
Class I: Miss Butler and Miss Johnson and Morrissey, equal; Harrison and Miss Olander and Miss Powell, equal; Miss Ross.
Class II: Frickelton; Miss Austin; Miss Jagoe; Miss Paskins; Miss Carnes and Miss Grant and Leier and Miss Roach and Miss Shlain and Miss Wood, equal; Reiber and Miss Roseborough, equal; Bosmans; Miss Neil; Miss Gilhooly; Miss Ballard and Sproule, equal; Miss Tredway; Mrs. Baardseth and Davies and Miss Ewing and McVeigh and Meadows and Saddington and L. Thompson and Miss Whiteside, equal.
Class III: Miss Milne; Miss Roberts; Miss Juhlin; Scully; H. Scott; Miss Fraser; Miss Aylesworth and Miss I. MacNab, equal; A. W. Hobbs and Longton and Miss J. MacNab and Miss Norris, equal; Miss McFarlane and Miss Mayhew, equal; Miss J. S. McCallum; Miss V. N. Miller; J. M. Bentley and Parlee, equal; Parker; Cameron and Miss Fry and MacPherson and Miss Mahaffy and Miss McLatchie and McLurg and Miss Sillars and Pingle and Marion, equal.

LATIN 2
Class I: Cornwall; Taube; Miss Slonaker; Pekarsky.
Class II: Miss M. Jackson; Miss Cautley.
Class III: McInnes; Miss M. McDonald; Miss Keir and Miss Sudre; Miss M. Bell.

LATIN 3
Class I: Miss M. Powell; Miss H. Johnson; Miss Butler; Miss Ballard; Morissey and Miss Shlain, equal.
Class II: Miss Jagoe and Miss Whiteside, equal; Miss Paskins; Harrison; Miss Austin; Miss Roach; Miss Juhlin; Miss H. Ross; Miss Ewing and Leier and Miss E. Wood, equal; Miss Grant and Miss Hill and Miss Sillars, equal; Frickelton and Miss J. MacNab, equal; Miss Gilhooly; Miss Carnes and Marion and McVeigh, equal; Bosmans and Miss Olander and Thompson and Wedman, equal.
Class III: Baker and Miss Norris, equal; Miss MacFarlane and Miss Tredway, equal; Davies and Miss Fry and Saddington and H. Scott, equal; H. F. Boyle and Geissinger and Miss V. Miller and Parlee and Sproule, equal; Miss Corneille and Miss Howes and MacPherson, equal; Miss B. Fraser; J. Woods; Mrs. Baardseth and Miss J. J. McCallum and Scully, equal; A. W. Hobbs and Miss I. MacNab, equal; Miss McLatchie and McLurg and Parker, equal; McDougall; Meadows; Adams and Miss Mahaffy and D. McCallum and Miss Werthenbach and Miss B. Williams, equal.

LATIN 4
Class I: Miss Slonaker; Miss M. Jackson; Miss Cautley.
Class II: Pekarsky; Taube; McInnes; Miss Sudre; Cornwall.
Class III: Miss M. McDonald; Miss C. M. Keir.

LATIN 51
Class I: Miss Little; Caspar.
Class II: Miss W. Coone; Miss E. Newhouse and Miss Stewart, equal; Miss Borden and Klinck, equal.
Class III: McKenzie.

LATIN 106
Class II: Miss Manson; Caspar and Dickson; Miss Stewart; Miss W. Coone.

MATERIA MED. 51
Class II: Goldberg; Carlisle; Hooper.

MATERIA MED. 52
Class II: Miss Auger; Hooper.

MATH. 1
Class I: Miss Scanlon.
Class II: Chittick and W. L. Jones, equal; Miss Esch and Miss Lundy and Miss Powell, equal; McPherson asd McQuillan, equal; Miss Howes and L. Jones, equal; Miss Roach and Chard and Morissey and McAra, equal; Miss Atkinson and Miss Ewing and Monaghan, equal; Miss Juhlin; Sieber; Miss Isobel Johnstone and Miss J. MacNab, equal; Miss Ballard and Miss G. Fry and R. Hill, equal.
Class III: Miss Crawford; Douglas and Levell and McVeigh and Parlee, equal; Miss M. McDonald; Miss Graham and Beach and Scully, equal; Cushing; Miss McBain and R. W. Cutter, equal; Miss B. Fraser and Adams and Lehanky and Power, equal; Miss J. Campbell and Oultram, equal; Miss McMillan and Miss Roseborough and Miss A. D. Smith, equal; J. G. MacKay and Mayne, equal; Neely and Pingle and C. R. Smith, equal; J. R. Osborne; Selby and Willis, equal; J. M. Bentley and Dockerill, equal; Miss Milne and Miss Nykiforuk and F. A. Bentley and Cohen and Brynildsen and Eby and Ostry and Polomark and Teviotdale, equal.

MATH. 3
Class I: Miss Shlain; Miss Slonaker; Miss A. G. Thompson.
Class II: J. R. Reed; Miss Bell and Miss Irene Johnstone, equal; Miss Norris and French, equal; Kenway; Miss Ross.
Class III: Miss Stade; Miss F. McDonald; Miss H. Johnson; Miss J. McLean and Miss Paskins, equal; Miss Jaeger; Miss G. Smith; Hicks; Hawreliak and Martin, equal; Miss L. Walters.

MATH. 7
Class I: Miss Jagoe; Wershof; Beresford.
Class II: McInnes; Dhami; Anderson; Miss McLaggan; Saddington; G. F. Barclay and Pyrcz, equal.
Class III: Miss Salmon; D. O. Sproule; Miss Diamond; Miss Cliffgard; Miss Moffat; Miss Whiteside and Miss E. Smith, equal; Miss Olander and Carlson and MacLaren and Rogers, equal; Miss B. McCallum and Miss J. McCallum, equal; Brushett.

MATH. 22
Class II: Sproule; J. G. Morrison; Miss Jagoe; W. A. Scott.
Class III: Brushett.

MATH. 55
Class II: Reiber; J. G. Morrison; Clark; Harwood.
Class III: Cundal; Sutherland; McGregor; Edmonds and Noble, equal; Macaulay; R. Wright; Thomas and Watt and Brewer, equal.

MATH. 56
Class I: Miss Jagoe.
Class II: Bryden.
Class III: Cundal; McGregor and Noble, equal.

MATH. 57
Class I: Galbraith; Woodford.
Class II: Froman; Miss Capsey.

MATH. 62
Class I: Antrobus; Miss Atkinson; Miss Jagoe.
Class II: Leisemer; Miss Capsey; Miss McNichol; A. W. Giffen; Kenway; MacLaren.
Class III: Bryden; Culver; Strohan.

MATH. 104
Class I: Miss Jagoe; Galbraith.
Class II: Miss Capsey.

MATH. 105
Class I: Miss Jagoe; *Galbraith.*
Class II: Miss Capsey.

OLD AND NEW TESTAMENT LITERATURE
Class II: Harris; Edwards; Miss Werthenbach; Miss E. Miller; Miss L. Dalgleish.
Class III: Miss G. Brown; E. Wood.

PHARMACY 51
Class II: Goldberg; Carlisle; Hooper.

PHARMACY 52
Class II: Carlisle; Goldberg.
Class III: Hooper; Miss I. J. McLennan.

PHARMACY 54
Class II: Goldberg.
Class III: Carlisle; Hooper; Miss I. J. McLennan.

PHARMACY 55
Class III: Hooper; Miss Auger.

PHILOSOPHY 2
Class I: D. Taylor; Fountain; Cornwall; Wershof.
Class II: Klingaman; Hunt; Peterson; Miss Bell; Miss Hyndman; Miss Gilhooly; Miss Shearer and Pekarsky and Miss Cautley and Halton, equal; Carlson and Harwood, equal; Edmonds; Densmore; G. Smith and Walters, equal; Stoner and Miss I. MacNab, equal; Miss Slonaker and Thorpe and Miss Corneille and Miss Ewing and Miss Grant and Miss M. L. Macdonald.
Class III: D. L. McCallum; Watt and Miss Elmore and Geissinger, equal; Miss Diamond and Miss Moorhouse and Miss Parmalee, equal; Dhami; Miss E. M. Williams and McInnes, equal; Miss De Silva and Miss D. K. Hill, equal; H. Scott and Hamilton and Meadows, equal; Miss Lynch-Staunton; K. R. Reed and Miss T. M. Atkinson and F. S. Hobbs, equal; Miss K. M. Burgess and E. F. Hunter, equal; Bosmans; Archibald; Taube and Miss W. Begg and Miss Cliffgard, equal; A. D. Smith; Miss V. N. Miller.

PHILOSOPHY 51
Class I: Baker.
Class II: French and Harrison, equal; Miss M. Cooper; N. Chappel and Miss Clermont and Miss Gazeley and Miss L. Paterson, equal; Miss Swinarton; Froman; Miss Bain and Miss Borden, equal; G. E. Smith and Miss Thrasher, equal; Miss Dalgleish; Deeprose; Miss G. Taylor; Carlson and Miss McCray, equal; Mueller and Pratt, equal; E. Paterson; Davies and Lefsrud and Oke and Miss Irene Smith, equal.
Class III: C. Clement, and Miss Nix, equal; L. A. Thompson; Mrs. I. L. Calhoun and Hinchey, equal; D. MacKenzie; Downey; Baker.

PHILOSOPHY 53
Class II: Watts; Horne.

Philosophy 55
Class II: McNicholl; Auxier; Conquest; Miss Pattullo and E. J. Thompson, equal; M. G. Macaulay and Mrs. Rehwinkel, equal; Miss Parke.
Class III: A. C. Smith; Rogers, Miss M. E.

PHILOSOPHY 108
Class II: Robinson and Wilson, equal.
Class III: Sweet.

PHYSICS I
Class I: Barclay; Miss Clifgard.
Class II: Hicks; W. L. Jones; Miss A. G. Thompson and J. R. Reed, equal; Miss Watt; Chard; Miss Ewing; Monaghan; Miss Ballard; McQuillan and Miss Norris, equal; Miss Horricks and Miss Ross and J. B. Osborne and Tennyson, equal; Miss Irene Johnston and L. D. Jones and McPherson, equal; Miss McLatchie; McLurg and Sieber and L. Taylor, equal.
Class III: Miss Paskins; Miss M. McDonald; Parlee and Miss Roseborough and Miss Crawford, equal; Miss Isabel Johnstone; Field and Miss Shillington and Jeffery, equal; Miss Esch and Miss Moffat and Ostray and Vicars, equal; Marion and Douglas, equal; Cushing; J. Bentley and Miss F. McDonald and Miss Stade, equal; G. W. McKay and Selby, equal; Miss Powell; Dockerill and Pingle and Cohen and Cutter, equal.

Re Physics I.
In addition to the above results, the following students have satisfied the Physics Department in regard to Laboratory work only:
Beach, Miss D. Fry; Miss McBain; J. Woods; Miss J. MacNab; Miss J. Campbell; Miss Howes; Miss Nykiforuk; F. Donald; Mss Margolus; Wedman; Miss Juhlin; Polomark.

PHYSICS 3 (b)
Class II: Morrisey.
Class III: Macaulay; Acheson; Young; Miss Salmon.

PHYSICS 6
Class I: Beresford.
Class II: Sproule; Antrobus.
Class III: Miss Capsey; Noble; Harwood; Brushett.
In addition to the above mentioned successful candidates, the following have passed in Physics 6 Laboratory:
Cundal; Miss Weir; Miss Jagoe; Miss Oiander.

PHYSICS 8
Class I: Barnett.
Class II: Saddington; Kelly; Allin; Crang.
Class III: Sommerville; Miss Lynch-Staunton.

PHYSICS 12
Class I: Woodford.
Class II: Sproule; Antrobus; J. Morrison.
Class III: Conquest; McInnes.

PHYSICS 51
Class I: Froman.
Class II: Miss Jagoe.
Class III: Edmunds.

PHYSICS 53
Class I: Woodford.

PHYSICS 54
Class I: Woodford.
Class II: Miss Atkinson; Galbraith; Froman.
Class III: Kelly.

PHYSIOLOGY 60
Class I: Miss Fanning.
Class II: Miss Young.
Class III: Miss Deane.

PHYSIOLOGY 62
Class II: Watts.

POLITICAL ECONOMY I
Class I: Hill, Weinlos; Shabaz.
Class II: Beresford; Sweeney and Wershof, equal; Hunter; Miss Kellam; Davies; Lehanky; Miss Jamieson; Miss B. Thomson and Lesik, equal; Stanley; Miss Gilhooly and Frickelton, equal; Miss Watt and Newcombe and McVeigh and Miss M. K. Austin, equal; Caspar and Perrie, equal; J. C. Sproule; Miss Shlain and Miss Jean McLean and Miss Shearer, equal.
Class III: R. J. Brown and Miss B. L. Williams, equal; Levell and D. O. Sproule, equal; Dhami and Miss Ruth Thompson and J. R. Reed, equal; Miss G. Smith and Whidden, equal; Miss Horricks and Miss Carnes, equal; Miss Tredway and Eby and Miss M. E. MacFarlane, equal; Miss Diamond—and Miss Cipperley and Greenberg and Miss J. I. Millar; A. W. Hobbs and Miss E. Robinson and Tennyson, equal; Miss Shillington; Boyle and Fuog and Miss F. MacMillan and Miss Sillars, equal; Mrs. Baardseth and R. K. Thomson, equal; Rogers; J. D. Young and Cameron and Miss Graham and Lundy and Miss K. Reed, equal; Milne; Davis and Miss O'Donnell and H. E. Morris and Miss Lehmann, equal; V. Miller, aegrotat.

POLITICAL ECONOMY I—TEACHERS
Class I: Liesemer; Mrs. E. F. Newland.
Class II: Jewitt and R. J. Scott, equal; Miss Hueston; E. McRae; Miss O. M. Thomson and W. C. Richards, equal; Miss H. C. McNeill; Skitch.
Class III: T. W. Williams; Mrs. J. I. Rowe; Miss L. Roth; Mrs. Black.

POLITICAL ECONOMY 10
Class I: Hunter; Miss Kellam.
Class II: Boyle; Whidden; Miss B. Thomson; Potter; Cameron.
Class III: Bosmans; Lundy; T. Taylor and Davis, equal; Miss Hessey.

POLITICAL ECONOMY 64
Class I: Liesemer.
Class II: Culver; Stuart; Sprung; A. W. Giffen and Iversen and S. G. MacDonald and Jeffery, equal; Miss Clermont and McEwen, equal; McAra; Laverty and Henderson, equal; Glass and MacLaren and Willis and G. E. Smith and Miss Manning, equal.
Class III: Miss Owens; R. J. Wright; Barker and Miss Cooper, equal; E. C. Kellam and Miss D. R. Kellam and Miss Thrasher, equal; J. Nielson and Hewelcke, equal; Potter; Matthews and Miss L. C. Paterson, equal; Davies and Power and Adams and Shulman, equal; Bosman; Miss K. Hessey and Miss Swinarton, equal; Miss Bain, aegrotat.

POLITICAL ECONOMY 65
Class I: McEwen; Liesemer.
Class II: G. Smith; Miss L. Patterson; Killen; Miss McNichol; Auxier; Lyle; Oke; Brewer and C. O'Donnell, equal; Downey.
Class III: Begg; Waldo.

POLITICAL ECONOMY 66
Class II: Miss Patterson.

POLITICAL ECONOMY 67
Class I: Stuart.
Class II: C. O'Donnell; McAra; A. W. Giffen; Miss Atkinson; Henderson; Jeffery; Glass and Sprung, equal; Miss Owens; Barker and Davies and G. E. Smith, equal; Miss H. Manning and E. Kellam and Iversen, equal; J. Nielson and McLaren and Willis, equal.
Class III: Miss Corneille; R. Wright; E. Williams; Shulman; Miss E. Miller; Mrs. M. Mathews.

POLITICAL ECONOMY 69
Class III: Shulman; Barker.

POLITICAL ECONOMY 101
Class II: Culver.

PSYCHOLOGY 51
Class II: Miss McQueen; Newhouse; Laverty; Baker; Chappel and MacGregor, equal.
Class III: Miss Shillington; Miss Bossenberry; Brown and Mrs. Calhoun, equal; T. B. Robinson; Miss Weir; Greenberg; Miss M. Roberts; Pratt.

PSYCHOLOGY 52
Class I: Baker.
Class II: French; E. J. Thompson; Miss L. Newhouse and Miss Kiteley, equal; Philp and Stade, equal; Gish; Auxier; Hewelcke and M. Simpson, equal.
Class III: H. Wood; M. Macaulay; Horne-Hinchey.

PSYCHOLOGY 55
Class I: Harwood; Baker.
Class II: Watts; Richards.

PSYCHOLOGY 56
Class II: Clement; S. G. MacDonald; D. P. McDonald; Stuart; Edwards.

PSYCHOLOGY 104
Class II: Watts.

PSYCHOLOGY 105
Class II: Edwards; McMillan; Patullo, Miss C.

TOXICOLOGY 61
Class I: Goldberg and Hooper, equal.
Class II: Carlisle.

ZOOLOGY I
Class I: Sproule; Miss Brown and Stoner and Tnkham, equal.
Class II: Miss Shearer; Wright; Saddington and Miss MacFarlane, equal; H. Scott; Miss B. Scott; Miss Millar; Geissinger and F. Hobbs and Newcombe, equal.
Class III: Miss Parmelee; Miss Tredway and Meadows, equal; Frickelton; Miss Elmore; Longton; Miss L. Coone and Miss F. MacMillan, equal; Walters; Archibald and Cram, equal; Miss Aylesworth and Hart and Miss Nix and Miss Folkins and Miss Osbourne, equal; Philp, aegrotat.

FACULTY OF LAW

BILLS AND NOTES
Class III: Gerber.

COMPANY LAW
Class I: Jamieson; Thomson; Wyman; Newson and C. S. Campbell, equal.
Class II: Milvain; Saucier and A. D. Campbell, equal; Mitchell and Bright and Johnson, equal; McCorry; Primrose; Marshall and Wilson, equal; Adam and Clarke, equal; Lynch-Staunton; Kirby; Sansbury and Cromarty and Gaunt, equal; Henderson; Bloor and Miss Fitzsimon, equal; Ross and Wright and Cairns, equal; Hyndman and Herbert, equal.
Class III: Tavender; MacMillan; MacDonald; Davies; E. E. Cross and Gerber, equal; Harrison.

CONTRACTS
Class I: Martland; Walker.
Class II: D. MacDonald; Morrison; Watson; Matheson; Whittaker and Edwards equal; S. MacDonald; Stanley.
Class III: de Jurkowski.

CRIMINAL LAW
Class I: Martland; Walker.
Class II: Watson; Morrison; Edwards; D. P. MacDonald and Adam, equal; S. MacDonald; Stanley and Matheson, equal; Whittaker.
Class III: de Jurkowski.

CRIMINAL PROCEDURE
Class I: Jamieson.
Class II: Primrose and Bright, equal; McCorry and C. S. Campbell, equal; Saucier; B. J. S. MacDonald and Johnson and Adam; Thomson and Tavender and Newson, equal; Henderson; Wyman and Cromarty, equal; Lynch-Staunton; Mitchell and Hyndman, equal; A. D. Campbell; Milvain; Marshall and Cairns, equal; Ross; MacMillan and Gaunt, equal; Clarke.
Class III: Wright and Wilson equal; Morrison; Davies; Kirby and Herbert; Gerber and Bloor, equal; Sansbury and E. E. Cross, equal; Mrs. Fitzsimon and T. L. Cross, equal; Williamson and Harrison, equal.

DOMESTIC RELATIONS
Class I: A. D. Campbell.
Class II: Johnson; Wyman; Bright and Sansbury and Cairns, equal; Mitchell and Henderson, equal; Cromarty; Tavender and Marshall, equal; Wilson and Bloor, equal; Hyndman; Ross; Williamson; Adam.
Class III: Davies; T. L. Cross.

EQUITY I
Class I: Wyman; Cairns; Wilson.
Class II: Tavender and A. D. Campbell, equal; Johnson; Henderson; Mitchell; Ross; Bloor; Marshall; Bright.
Class III: Cromarty; Adam; Hyndman.

EQUITY 2
Class I: Thomson; C. S. Campbell; Jamieson; Saucier and Milvain, equal; Gaunt.
Class II: Herbert; Clarke; MacMillan; Newson and Mrs. Fitzsimon, equal; McCorry and Kirby, equal; Primrose and Lynch-Staunton, equal; Wright; Harrison.
Class III: Shabaz; Sansbury; Gerber; E. E. Cross; Williamson; B. J. S. MacDonald.

EVIDENCE 1
Class I: Jamieson; C. S. Campbell.
Class II: Wyman; Saucier and Newson, equal; McCorry and Lynch-Staunton, equal; Milvain; Johnson; A. D. Campbell; Primrose; Thomson and Cairns, equal; Cromarty; Mitchell; Ross and Gaunt; Wright and Wilson and MacMillan and Marshall, equal; Kirby and Henderson and Gerber and Adam, equal; Mrs. Fitzsimon and Bright, equal.
Class III: Clarke; Tavender; Herbert; B. J. S. MacDonald and Hyndman, equal; Bloor; Harrison; Davies.

EVIDENCE 2
Class I: C. S. Campbell; Jamieson; Saucier.
Class II: Primrose; Thomson; McCorry; Milvain and Gaunt, equal; Newson; Lynch-Staunton; Clarke; Wright; Sansbury; MacMillan; B. J. S. MacDonald.
Class III: Herbert; Gerber; Morrison; Harrison; Williamson and E. E. Cross, equal; Kirby; Mrs. Fitzsimon.

HISTORY 3
Class II: Whittaker.
Class II: de Jurkowski; Walker; Stanley.
Class I: Wyman; A. D. Campbell and Johnson, equal.

HISTORY 57
Class II: Thomson; Milvain; Gaunt.
Class III: Mrs. Fitzsimon; E. E. Cross; Primrose; Marshall and Wright, and Kirby and Lynch-Staunton, and Sansbury, equal.

LEGAL HISTORY I
Class I: Martland; Walker.
Class II: A. D. Campbell; Wyman and Edwards, equal; D. P. MacDonald and Watson and Johnson and Cairns, equal; Henderson; Matheson and Bright, equal; Adam; Tavender and Morrison and Mitchell, equal; S. MacDonald and Cromarty, equal.
Class III: Wilson; Ross and Stanley, equal; Marshall; Hyndman; Whittaker; de Jurkowski.

LEGAL HISTORY II
Class I: C. S. Campbell; Saucier; Jamieson.
Class II: Primrose; Gerber; Thomson and McCorry, equal; Gaunt and Milvain, equal; Clarke; MacMillan; Newson; Lynch-Staunton and Sansbury, equal.
Class III: Mrs. Fitzsimon; Kirby; Harrison and B. J. S. MacDonald, equal; Herbert; Wright; Williamson.

JURISPRUDENCE
Class III: E. E. Cross.

PARTNERSHIP AND AGENCY
Class I: Jamieson; C. S. Campbell and Milvain, equal; Johnson and Thomson, equal; Saucier.
Class II: Mitchell; Cairns and A. D. Campbell and Clarke, equal; Lynch-Staunton; Primrose; Newson; McCorry and Wyman, equal; Bright and Tavender, equal; Henderson; Wilson; Cromarty; Gaunt and Herbert and Wright and Marshall, equal; MacMillan; Adam and B. J. S. MacDonald and Sansbury, equal; Bloor; Mrs. Fitzsimon and Ross, equal.
Class III: Kirby; Hyndman and Gerber, equal; Davies; Harrison.

POLITICAL ECONOMY 69
Class I: C. S. Campbell; Wyman.
Class II: Jamieson; Saucier; Cairns; Mitchell.
Class III: Adam.

PRACTICE I
Class II: Wyman; Bright; Johnson and A. D. Campbell; Cromarty; Marshall; Wilson and Henderson; Cairns.
Class III: Bloor; Hyndman; Tavender; Mitchell; Adam; Davies; Ross and T. L. Cross, equal.

PRACTICE 2
Class II: Jamieson; Milvain; Newson; Thomson; C. S. Campbell; McCorry; Shabaz; Saucier; Lynch-Staunton and Herbert, equal; Primrose; Kirby.
Class III: Wright; Clarke; Harrison and Gaunt, equal; MacMillan; Sansbury; B. J. S. MacDonald; J. A. Morrison and Mrs. Fitzsimon, equal; E. E. Cross and Gerber, equal.

PRIVATE INTERNATIONAL LAW
Class I: Wyman; Johnson; A. D. Campbell.
Class II: Mitchell; Tavender; Henderson; Bright and Bloor, equal; Marshall; Cairns; Sansbury; Ross and Cromarty and Adam, equal; Hyndman.
Class III: Wilson; Davies; T. L. Cross.

PROPERTY I
Class I: Martland.
Class II: Walker; Matheson; D. P. MacDonald; Watson and D. Morrison, equal; Edwards; Whittaker.
Class III: de Jurkowski; Stanley; S. MacDonald.

REAL PROPERTY 2
Class I: A. D. Campbell; Wyman.
Class II: [illegible] Henderson, Wilson; Mitchell; Bloor; Harrison; Bright, Tavender and Johnson, equal; Ross and Marshall, equal.
Class III: Adam.

REAL PROPERTY 3
Class I: Milvain; C. S. Campbell; Saucier; Jamieson.
Class II: Thomson; Lynch-Staunton; Clarke; McCorry; Kirby; Newson; MacMillan; Mrs. Fitzsimon; Wright and Gerber, equal; Harrison; Gaunt; J. A. Morrison and Primrose; Herbert.
Class III: Sansbury; B. J. S. MacDonald.

TORTS I
Class I: Martland; Walker.

Class I: Prior; Johnson and Morrison, equal; Thompson; McFall.
Class II: Carlyle.

ZOOLOGY 1
Class II: Taylor; Mitchell; Little; Walker.
Class III: Morrison; Young and MacGregor, equal; Allen; Foster; Carlyle; Schultz.

Not unexpectedly, but not forseen, room has been found for the reports of the President of the Union which it was thought at first, when this paper was in the first throes of make-up, there would not be room for. They follow:

FRESHMAN CLASS

As President of your Union, it was my duty early last fall to call the Freshmen together and later make provision for the necessary elections. There seems to be in some quarters some doubt as to why these elections are not held earlier in the year. The reason is obvious, and I am quite convinced that it is sound. Who would say that any group of students upon coming to the University are sufficiently acquainted with one another so as to elect to office immediately in the fall those who are best suited for carrying through their offices successfully? It must be remembered that these duties are particularly heavy, as they include a large measure of responsibility in ushering in the following year's Freshman Class.

The convenience to the Class of the precedent established a year ago, namely, that of collecting fees in advance through the Treasurer of the Union, was again followed, and has worked out well. One suggestion that might be worth considering next year is that of holding elections by ballot, rather than by a vote at a class meeting. Many students, particularly those that live overtown, find it both difficult and inconvenient to wait for this meeting, and are deprived of their ballot, where if provision was made for balloting in the hall all would be given an opportunity. This alteration would entail but little extra work, and would result in a much heavier vote. As for the election itself, I have never seen any keener interest shown. The evidence of such interest augurs well for these students later taking part in Union activities that awaits them.

Mr. Newcombe, who was elected President of the Class, has asked me to include the following recommendation in this report:

That the finances of the Freshman Class during its first term might be simplified by requiring a set charge for everybody who would attend the Freshman Dance, regardless of which class they are members. The advantages to be derived from this method it is submitted, are:

1. The dance would be put on a paying basis, expense being borne by those sufficiently interested to attend.

2. The class fee, i.e., Freshman Class, could be reduced to $1.00.

I would add to the above suggestion my belief that with the exception of "Fresh. Sophomores," only those who are Freshmen as defined by the Interpretation of Statutes Act should be permitted to join the class.

THE GATEWAY

I hold the sincere belief that The Gateway has made the most rapid progress of any student organization during the past three years. Comparison of it with other college weeklies further convinces me that we may well be proud of our weekly edition. Comments, too, in various university papers, both in regard to material and make-up, are most complimentary, and with them I am in hearty agreement.

That such progress should be made in the publication is entirely due to those in charge. Mr. Oke, Editor-in-Chief, has both conscientiously and capably performed the onerous duties attached to his office; to Jack Marshall, also, is due no small amount of credit. How he accomplishes the tremendous amount of work he does, and in such a thorough, well-organized manner is nothing short of remarkable. He has helped the Union, too, in such a multiplicity of other ways that I consider we will always be indebted to him. The Business Staff has carried on most efficiently; increased expenses have meant more revenue was necessary, and this has been forthcoming by a record in both circulation and advertising receipts.

Mr. Oke reports as follows:

1. That twenty issues in all were printed, sixteen of which were six pages; two of eight pages, one of fourteen pages and one of four pages.

2. That a Christmas Souvenir Number was attempted and met with great success.

3. That a Literary Supplement was also published.

4. That office equipment has been considerably increased.

He further recommends:

1. That the Constitution be amended to allow the term of Editor-in-Chief to run according to academic year.

2. That in future greater care be exercised in the use, directly or indirectly, by anyone of the name or position of any student organization for advertising purposes.

3. That an arrangement be made whereby The Gateway staff will not be drawn upon so extensively when the staff is organized for Evergreen and Gold.

4. That a monthly audit of the books be made.

I am in perfect agreement with all of Mr. Oke's suggestions. The difficulties that formerly existed in reference to the term of office of the Editor-in-Chief have now been overcome, as the promotion system on the staff always assures capable successors. It will be difficult to overcome any inconveniences arising through the Year Book staff being a duplication of The Gateway in some cases. It seems but natural that The Gateway with its extensive organization should be the source of Year Book talent, but as far as possible Mr. Oke's suggestion should be considered.

As the result of my own observations during the year might the following be added:

1. That a definite policy be adopted in regard to any material which will affect a judgment, yet undelivered, of the Students' Court. Whether it be by way of [illegible] concerning a case should be published until the case has been dispensed with [illegible] Court.

2. That whenever a mistaken report is made, it might be well always to correct it in a subsequent issue. I refer, amongst others, to the mistaken impression given by the report on one of the Saturday Night dances.

3. That it is necessary to alter the bookkeeping system in regard to the work of the Students' Union Accountant. A monthly audit combined with an improvement in the receipts used would accomplish this.

4. That every endeavor should be made to arrange the business organization in such a manner that the Business Manager can spend all his time in the office on his books, instead of soliciting advertising.

5. That purchases should never be made without first taking out the necessary order form.

The establishment of a board in the hall proved to be an interesting and justifiable innovation. The editorials were uniformly of a very high standard and such as could be commendably repeated in any paper in the province. This brings me to something which I feel should always be kept in mind; namely, that the acts of the Student body and whatever appears in their paper is regarded by the public as having official sanction. The Gateway is regarded not as the organ of the students, but as the organ of the University.

To close this report without making some reference to the improved circulation methods would be most unjust. Invariably The Gateway has been "out on time," and this has been very keenly appreciated by all students. I have only one further comment to make, and that is in regard to the Literary Supplement. It is in my mind questionable whether it might not be better to abolish this altogether, and instead, utilize and encourage the writing of such material to be used from time to time in the regular issue of the paper. This would be a benefit, not only financially, but also would give to the paper that variety which we are so often said to be lacking in.

GOOD-BYE FROM K.C.

You are gone! Never to return! Down the path called life you are moving. Where? Ah, that is the question. A kind Providence has arranged that no one looks down that road. But, should anyone of you be afraid to step out? Never. Not while the legs that carried you from building to building, while here, hold out. Not, while the opinions, the thoughts, the ideas you formed during your sojourn at the University of Alberta stay with you.

K.C. wishes you well. He wishes you your share of that strange thing called luck. He wishes for everyone of you a happy path, leading up to a rosy-hued rainbow, where all the tints of a past and glorious life will spread themselves to light your way into that world from which no one has yet returned.

I'll miss you all! But, in the missing thought, there is happiness. Others will come in to fill your vacant places; to cut their names on the tables at the Tuck; to wear the baggy-pants, which after all, you must confess, do not make the man—the man merely wears them, and sits down comfortably.

Cheerio!
